

INJURIES MAY BE FATAL TO MAIL CARRIER

Wilbur Mahin, 26, Rural Route Man on No. 7, Struck by I. & C. Car, Not Likely to Recover

AT BUELL STOP EAST OF HERE

Suffers Heavy Blow in Back Near Heart and Lung Congestion Makes Breathing Difficult

HIS MACHINE IS DEMOLISHED

Evidently Saw Interurban Car Because Auto Emergency Brake Was Set—Hurled 20 Feet

Wilbur Mahin, 26, rural route carrier on route seven out of the local postoffice, was probably fatally injured this morning when the automobile in which he was riding was struck by an Indianapolis and Cincinnati traction car at the Buell crossing, one and one-half miles east of the city.

Mr. Mahin sustained internal injuries, and while conscious at times, is in a very critical condition and is said to have slight chance of recovering. Apparently there are no broken bones, but he sustained a heavy blow in the back near the heart and a congestion of the left lung renders his breathing difficult. It was at first stated his back was broken but this was not the case.

The car which struck the automobile left Rushville, east bound at 7:30 o'clock this morning and was in charge of Garrett Cartmel, motorman, and Clarence Baker, conductor both of Indianapolis. The mail was late this morning and Mahin left the office at about 7:26 o'clock.

The heavy traction car struck the light machine near the front and pitched it forward and down an embankment a distance of twenty feet. The car was running fast and the motorman did not see the machine in time to stop. Mahin evidently saw the car, but it was too late. An examination of the automobile showed that the emergency brake was set, leading to the belief that he saw the car and tried to stop. The roadway has recently been covered with gravel and the supposition is that the auto slid upon the track even after the brake had been applied.

The traction car was backed to the scene of the accident and Mahin extricated from the wreckage. He was brought back to the city on the car and rushed to the sanatorium of Dr. J. C. Sexton. Exceedingly quick time was made in getting him to the hospital and he was receiving medical attention by eight o'clock. Mahin received a slight blow near the temple but his worst injury is in the back, which effects his breathing and gives indication of internal injuries.

The crossing at the Buell stop, known as No. 31, is exceedingly dangerous, despite the fact that the corn on both sides of the road south of the track along which Mahin was traveling has been topped. The track for a distance of half a mile can be seen when ten feet from the rails. The driving is rather difficult and it is believed Mahin was watching the road closer than the traction line. It was at this same crossing that Lewis Wilson and his young son, Clyde were killed shortly over a year ago.

There were several passengers in the smoking compartment of the traction car but none of them saw the accident. Among these was Birney D. Spradling of this city, a field examiner for the state board of accounts and Harry Schmalzel, who were enroute to Connorsville.

Continued on Page 8

NEARLY MET THE SAME FATE

R. G. Bogue's Auto Hit by I. & C. Car at Same Crossing

R. G. Bogue narrowly escaped the same fate that befell Wilbur Mahin this morning, at the same crossing, when his machine was shoved off the track by an I. & C. eastbound car, the one which leaves here at 3:37 p. m., on Tuesday afternoon. It was just learned today that Mr. Bogue succeeded in stopping his machine in time to avoid getting a broadside from the traction car. The automobile was not turned over and was not damaged except for a bent fender.

SANITARY UNIT MEN GET NEW CLOTHING

Another Hat, Shirt, Towels, Pair of Shoes and Marine Leggings Are Issued to Them

FOURTH ALL MOBILIZED NOW

(Special to the Daily Republican.)

Fort Benjamin Harrison, Ind., Sept. 6.—The sanitary detachment of the Fourth Indiana infantry, in camp here, was given another issue of clothing yesterday. Nearly every man received another hat, shirt, pair of towels and a pair of shoes. A pair of marine leggings has been issued to each man in addition to the canvass leggings received before.

Following the arrival yesterday of the remainder of the companies of the Fourth Indiana, a big review was held here last evening at five o'clock. All units of the Fourth are in camp here now except Company B of Rushville, who went to Hattiesburg a few weeks ago.

The following companies of the Fourth arrived yesterday: E of Marion, F of Bedford, G of Evansville, H of Columbus, A of Decatur, C of Huntington and I of Madison. None had very much clothing or equipment. Whenever a new company arrived, the band met them at the station and the other troops lined up and cheered.

MANFORD STEVENS IS FINED \$50 AND COST

Jury Finds Him Guilty of Assault and Battery, Holding He Did Not Try to Kill Hoffman

JURY OUT 4 AND HALF HOURS

Manford Stevens was found guilty of a charge of assault and battery and fined \$50 and costs by the jury which heard the case in circuit court. Stevens was charged with assault and battery with intent to kill George Hoffman and the verdict of the jury took no recognition of the intent charge of the affidavit, holding that Stevens did not attempt to kill Hoffman.

The jury was out four and one-half hours in reaching the verdict and reported to Judge Sparks shortly before midnight. The case went to the jury about 6:30 o'clock and after eating supper the jury began its deliberations.

The trial, which lasted two days, attracted considerable attention. Omar Stevens, who is charged with a similar offense will be tried later. The case was extremely hard fought on both sides. The offense was committed April 2, 1917 at the Stevens home in Noble township when Hoffman went there for the purpose of seeing his son, who is in the custody of Hoffman's divorced wife.

The Rev. George R. Sweeney of Columbus, Ind. will preach at the Main Street Christian church next Sunday morning and evening. The church is without a pastor since the Rev. C. M. Yocum left.

AUXILIARIES ARE ENLISTED IN WORK

Red Cross Instructors in Knitting Go To Milroy Today And Will Be in Carthage Tomorrow

HELP ON COUNTY ALLOTMENT

New Illustrated Circulars on Knitting Are Issued, But None Is Received Here

Two instructors in knitting went to Milroy today to teach the women of the Red Cross auxiliary there the Red Cross way of knitting articles which Rush county Red Cross has to provide. The instructors were Mrs. Pinkney Dearing and Miss Erema Wilk. Instructors will also go to Carthage tomorrow for the same purpose.

The Red Cross is making every effort to get out its allotment of three hundred knitted sets, consisting of sweaters, mufflers, wristlets and socks, in record time. The auxiliaries are being enlisted in the work as rapidly as possible.

Publicity matter sent out by the Washington office of the Red Cross says that a half million illustrated knitting circulars have been sent to Red Cross chapters, but none has been received here yet. The circulars contain full information on how to knit the eight standardized articles, sleeveless sweaters, mufflers, helmets, socks wristlets, wash cloths, bed socks and bottle covers, authorized by the woman's bureau of the Red Cross. The handbooks are primarily for hand knitters.

The Rush county chapter has been called on to knit only four of these eight articles and therefore is not interested in the information contained in the circulars about the other four. The chapter here has ample instructions on knitting these articles in circulars received previous to the time the ones mentioned in Red Cross publicity matter issued this week.

These latest circulars, according to the statement from the Red Cross warn all knitters that knots, ridges or lumps should be carefully avoided, as they are very apt to blister feet.

Recent cables from Major M. P. Murphy, Red Cross commissioner in France, again emphasize the necessity for warm knitted articles for the men who face the hardships of a winter in the trenches. Army officers request that the knitted articles be forwarded as soon as possible. The severity of winter with a coal shortage to face and a rising tuberculosis rate to combat demand that several million garments reach France before Thanksgiving. Major Murphy has asked for one million sweaters alone.

The circular is the first of a series to be issued by the Woman's Bureau of which Miss Florence Marshall is director. Others are to be issued immediately on the making of comfort kits, the manufacture of hospital garments, surgical dressings and relief kits for the refugee children of France and Belgium.

ASKS \$250,000 DAMAGES

Mayor Thompson of Chicago Files Libel Suit Against Herald

Chicago, Ill., Sept. 6.—William Hale Thompson, mayor of Chicago, today filed suit for \$250,000 damages, charging libel against the Chicago Herald and James Keeley, publisher. Simultaneously he made public a long statement defending himself against charges of "anti-Americanism" and alleging he has been libeled by the "press of Chicago and others."

Washington, Sept. 6.—Two hundred and thirty-five million dollars for torpedo destroyers was asked of congress today in a revised estimate submitted by Secretary Daniels.

BOARD REVOKES AN EXEMPTION

Army Selection Body Certifies Name of J. L. Tuerff of Manilla to District Board

WIFE GIVES INCOME AS \$300

Investigation Disproves This and She Files New Affidavits—Higher Board Keeps First Ones

The exemption granted Joseph L. Tuerff of Manilla by the local selection board, was revoked today and his name was certified to the district board for service. The certification of Tuerff's name brings the total up to 28 over the county's quota, according to the records of the board.

Tuerff originally filed a claim for exemption on the grounds that his wife and child were dependent upon him. In her affidavit Mrs. Tuerff stated that her income was \$300 a year outside of that of her husband. The board granted the claim. Then A. L. Gary made an investigation and found that Mrs. Tuerff had given in for taxation notes valued at \$12,000.

The Tuerffs then asked permission to withdraw the first affidavits and filed new ones, setting up that her income was \$600 a year. The district board refused to return the first affidavits, but gave permission for the board to act on the second affidavits, which was done today in revoking the original exemption.

No blame is attached the local board for granting the original exemption to Tuerff as the board took the affidavits to be the truth and without time or authority to investigate, the board granted the claim. In looking up the various claimants Mr. Gary found that Mrs. Tuerff had an income far above that reported to the local board and gave his intentions of appealing the case. Mrs. Tuerff was formerly Miss Mary John.

It is not known why the district board did not return the first affidavits and because they were not returned the local board believes some further investigation may be made.

A. L. Gary has not yet received word to report to the district board and it is not known when the Rush county cases will be taken up. The claims of Wayne county were acted on yesterday and the day before many of the Franklin county claims were taken up by the board. Mr. Gary is holding himself in readiness and expects to be called almost any day. After his appearance before the board, the correct list for Rush county should be available.

DEFENSE ASKS FOR A CHANGE OF VENUE

Motion is Filed in Case of C. W. B. M. Against Estate of the Late Nancy Furry

SUIT TO COLLECT BEQUEST

A motion for a change of venue from the county has been filed in the suit of the Christian Woman's Board of Missions against the estate of the late Nancy A. Furry, on a claim demanding \$5,000. The motion was filed by the defendant. The court has previously overruled a demurrer to the complaint. It is alleged that Mrs. Furry gave the Board of Missions a note for \$5,000, which was to be paid after her death. The suit is to collect the money alleged due to the society.

A motion for a change of venue from the county has also been filed in the divorce suit of Dessie Hinchman against William Hinchman. The plaintiff filed the motion. No action has been taken on either of the two motions.

IS SEEKING RELIEF FUNDS

Secretary Armenian-Syrian Committee Confers With Red Cross

Mead A. Kelsey, field secretary for the American Committee for Armenian and Syrian relief, was here today for a conference with local Red Cross leaders seeking funds for the relief committee. He explained the needs of the Armenians and Syrians at a meeting here in the public library rest room this morning. The matter was left with the executive committee of the local chapter of the Red Cross and with this committee rests the question whether a campaign for funds will be undertaken.

CHARLES PHILLIPS PLACED ON TRIAL

Accused of Assault and Battery With Intent on Agnes Corya, Wife of Daniel Corya

HAPPENED MARCH 16, ALLEGED

The case of the State against Charles Phillips, a well known resident of Posey township, charged with assault and battery with intent to commit a serious crime against Mrs. Agnes Corya, wife of Daniel Corya, started today in circuit court before Judge Sparks and a jury. It is likely the case will be completed late this afternoon. The alleged assault occurred March 16, 1917 at the Phillips farm in Posey township. Mr. Corya was a tenant on the Phillips farm.

Mrs. Corya was on the stand this afternoon and told a sensational story, which for the most part was repulsive. The jury which heard the case was as follows: Will Havens, William Arnold, Lewis Cline, J. D. Kinnett, Elsie Haywood, John C. Ellerman, Jabez Winship, John Davis, Samuel H. Young, Bert L. Trabue, Newton P. Jones and Hugh Mauzy.

Prosecutor Stevens is assisted by Chauncey Duncan while the defendant is represented by Douglas Morris and John A. Titsworth.

RED CROSS TO HELP FAIR CELEBRATIONS

To Assist in Patriotic Demonstrations—Government Agent to View Agricultural Displays

STOCKHOLDERS GO IN FREE

The Rush county chapter of the Red Cross today notified the secretary of the Rush county fair association that committees were being appointed and that the organization would assist in the patriotic demonstration at the fair Wednesday and Friday of next week. It is planned to have a big basket dinner for all men certified for the army on Wednesday. The secretary of the fair is trying to get in communication with the State Council of Defense to learn who the speaker or speakers will be.

The secretary has been informed that a representative of the United States department of agriculture will be here to inspect the agricultural display. This is expected to be an incentive to farmers to make good exhibits.

Indications are that there will be more concessions here than ever before on account of the fact that there are very few fairs the same week. The fair is worrying about what to do with all of the shows and stands.

The stockholders' tickets for the Rush county fair are now ready at the secretary's office. In past years the tickets would admit any member of a stockholder's family but this year the tickets are good only for the stockholder.

TAX LEVY IS LIKELY TO BE LOWER IN CITY

County Council Reduces County Tax One Cent and State Levy is Five Cents Lower

CITY LEVY IS DOWN A DIME

County Board Appropriates \$62,367.50, Which Doesn't Include Road Bonds and Interest

NOR FOR GRAVEL ROAD REPAIR

Deficiency Appropriation of \$7,588 is Made to Meet Needs of 1917 Funds Exhausted

The council today appropriated \$62,367.50 to meet estimated expenses for the coming year, not including the expense of road bonds and interest and gravel road repair, and made a deficiency appropriation of \$7,588 to make up deficiencies in funds exhausted this year. The county levy was reduced one cent. It was made twenty-five cents for next year.

Although none of the township tax rates are yet computed because the road levy has to be adjusted, it is estimated that the tax rate in a few of the township will be lower, possibly in Rushville township.

There is a very strong prospect of the Rushville city levy being lower than it is this year. The city council has already looped ten cents off and the state levy is five cents less than last year. The county levy was reduced one cent, but the commissioners fixed the gravel road repair levy at fourteen cents, which is two cents higher than last year.

The levies for the townships can not be computed correctly until the road bond levy is known. Late this afternoon this has not been arranged so that it could be given out for publication.

Auditor's office, \$4,200; clerk, \$3,400; treasurer, \$3,590; recorder, \$1,740; sheriff, \$3,630; surveyor, \$140; county superintendent, \$1,044.50; assessor, \$737; health commissioner, \$1,150; county council, \$70; county attorney, \$300; board of review, \$220; board of truancy, \$435; court house, \$5,823; jail, \$700; poor farm, \$6,024; other institutions, \$2,500; inmate penal institutions, \$1,500; public printing, \$600; highway expense, \$150; board of charity, \$100; for interest, \$100; expense of ditches, \$200; justice of peace, \$20; refund of taxes, \$400; examination of public records, \$1,200; bridge repairs, \$5,000; expense circuit court, \$5,800; insanity inquests, \$910; county coroner, \$640.

The appropriations for assessing follow: Ripley, \$270; Posey, \$245; Walker, \$240; Orange, \$250; Anderson, \$250; Rushville, \$610; Jackson, \$170; Center, \$250; Washington, \$250; Union, \$245; Noble, \$214; Richland, \$210.

The deficiency appropriations for this year carried a total of \$7,588. The appropriations included money for the pedestal lights for another three months.

MANY RUSSIAN TAKEN

Berlin, Sept. 6.—Capture of 120 Russian officers, 7,500 men, 180 guns and 300 machine guns with several armored cars and a quantity of war materials was announced from the Riga front today. "Along the Dvina river we have advanced as far as Friedriehstadt," the war office announced.

Washington, Sept. 6.—The United States government is done with peace talk until such time as Germany meets America's requirements for ending the war. The state department made this clear today.

White River Creamery Co.

Which is Cheapest?

ITS mighty fine to see the interest so many farmers around here are taking in a better grade of engines. The Mogul kerosene engines we have sold up to date have all made such good records for steadiness and economy, and have proved themselves such good money makers for their owners, that we've been getting a lot of orders and inquiries lately.

Price may sell some things to farmers, but price alone is a poor argument when compared with the records for low cost of operation that Mogul kerosene engines are making in this neighborhood. If you are in the market for an engine, anywhere from 1 to 50-H. P. in size, and want some interesting facts about power at low cost, drop in and see us the next time you are in town.

ASSESSMENT IS MADE ON WHEAT

U. S. Department of Agriculture Hears Grain Dealers Take Unfair Advantage of Farmers

DISCOUNT DUE TO "DOCKAGE"

It is an Arbitrary Assessment in Interest of Buyers Which is Being Investigated

Washington, Sept. 6.—It has been brought to the attention of the United States Department of Agriculture from several sources that, in certain parts of the country where this year's crop of wheat is now being moved, the country grain dealers are assessing the farmers a discount against all wheat purchased, contending that such assessment is mandatory by reason of the official grain standards of the United States for wheat under the United States grain standards Act. Apparently the contention on the part of the country grain dealers is based upon the item "dockage" contained in the official standards. From information received by the department it appears, however, that the discount is actually an arbitrary assessment in the interest of the buyers, and is neither on the basis of the official standards nor required or contemplated by the Act or the regulations thereunder.

The primary purpose in the establishment of the official grain standards of the United States was to provide a basis whereby parties to transactions involving the purchase and sale of grain shipped or delivered for shipment in interstate or foreign commerce might, through being able to obtain a correct application of such standards, arrive at the actual value and make settlement accordingly. The standards for wheat do not provide for any arbitrary assessment for dockage. They do provide for the determination of the amount of sand, dirt, weed seeds, weed stems and certain other matter, called dockage, which actually may be present in a lot of wheat, the amount of which, if in excess of one-half of one percent by weight is to be stated in terms of the actual percentage as a part of the grade designation of the wheat. This is called the dockage system of grading and has been in use for many years in the northwestern States prior to the adoption of the official standards.

The transactions in question appear to be purely local, not involving interstate commerce, and are perhaps conducted in a way not within the prohibitions of the Act. Nevertheless, the Department of Agriculture is investigating the matter and will be glad to have any facts which may be of value. It will do everything in its power to bring about the discontinuance of misrepresentation based on the Act or the standards thereunder.

I. & C. PROBABLY TO ESCAPE SHUT DOWN

Company Has Only Enough Coal to Last Until Saturday, But Six Cars Are on Way

CITY IS NOT WORRIED ANY

With six cars of coal on the way the Indianapolis and Cincinnati Traction company will probably escape a shut down, at least for the time being. Three cars were shipped Monday and three yesterday and as the company is following each car it is likely the situation will be relieved. The company has sufficient coal to last until Saturday. None was received today. The company is making every effort to keep the cars moving in the direction of this city.

The city's coal problems are not causing any great worry. In a letter this morning from the Indian Creek Coal and mining company, Supt. Mahin was told the company would protect the city and send the coal here at the government price providing cars could be obtained. The Lovett priority coal shipping order is blamed for the present difficulty.

With the Indiana Public Service commission contemplating a priority order of its own directing the railroads to supply state institutions and public utilities first the present coal famine should be averted except for the small consumer.

IS NOT A SUBJECT FOR ANY DISCUSSION

France Insists Alsace-Lorraine is Not Topic for Diplomatic Parley, Premier Says

SPEAKS AT CELEBRATION

(By United Press.)

Ferre Champenoise, France, Sept. 6.—"France insists that Alsace-Lorraine is not a subject of diplomatic discussion," declared Premier Ribot today, speaking at a celebration on the battle field of the Marne. "France's only claims are in the character of reparation," he said.

Ribot's speech was the first official utterance of France's position in reply to Pope Benedict. It was delivered at a celebration of the anniversary of the day France's soldiers of democracy turned back the Prussian wave, a scant 25 miles from the capital.

Ribot made it clear that unless Germany separates her economical and military ambitions she must deal with a league of democratic nations, banded together to fight economically as well as by force of arms.

Don't overlook the advantages of "machine sizers." They are proving of great value in many shipping sections.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters.

"Gets-It" Puts Your Feet in Clever—It Ends Corns Quickly, and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grows that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not. Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or send on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Margrove & Mullis and Frank E. Wolcott.

THE SEASON'S BIGGEST EVENT—NO ADVANCE IN PRICE

GEORGE COHAN in "BROADWAY JONES"

Personal Points

—Mrs. Frank Capp spent the day in Indianapolis.

—Donald Smith was a business visitor in Indianapolis today.

—Miss Nellie Drake was among the visitors to Indianapolis today.

—Mr. and Mrs. Charles Frank left today for a two week's trip through the east.

—Miss Stella Gibson visited friends in Indianapolis and Ft. Benjamin Harrison today.

—Miss Alleine Burton has returned to her home in Sheridan after visiting Miss Margaret Ball.

—Mrs. Lyda Holby of Greensburg visited Miss Belle Speer, yesterday at her home in North Willow street.

—Mr. and Mrs. G. P. Mauzy and Mr. and Mrs. Josiah Bishop motored to Indianapolis today and attended the fair.

—Owen L. Carr attended the state fair this afternoon in Indianapolis and will go to St. Louis tonight on a business trip.

—Miss Vira Clark and Dr. Hale Pearsey saw "The Show of Wonders" at the Murat theater in Indianapolis last night.

—Mr. and Mrs. Hubert Innis of near Milroy will arrive home tonight from Indianapolis where they have been attending the state fair.

—Miss Jean McClannahan left for Chicago today where she will spend the week-end with Harold McClannahan and other relatives.

—Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Miss Millett and Harry Edison of Peru and Mrs. Charles Caron motored to Indianapolis today.

—The Misses Reta Gilson and Dorothy Moore and Harold Perkins and Fred McMahan of Connersville motored to Shelbyville last evening and visited friends.

—Mr. and Mrs. Wash Gosnell and daughter Ethel and Mr. and Mrs. Sylvia Headlee and son Russell motored to Indianapolis and attended the fair this week.

—Mrs. Mary Collier, accompanied by her granddaughter, Miss Norma Oneal, have returned from a two months' stay at Martinsville, where they took treatment for rheumatism.

—Mr. and Mrs. William Harrison of Lebanon, who have been visiting Mr. and Mrs. Homer Powell, motored to Bluffton for a visit before returning home.

—Dr. and Mrs. Carl F. Beher and son and Mr. and Mrs. Gunn Haydon and daughter attended the show at the Murat theater in Indianapolis last night.

—Mrs. Ed Caldwell and Miss Esther Black went to Fort Benjamin Harrison today and visited Berlin Caldwell, who is a member of the sanitary detachment.

—Mr. and Mrs. John Walker and

Mr. and Mrs. Will Havens arrived home last night from a visit in Chicago. They stopped off in Indianapolis yesterday and attended the state fair.

—Mr. and Mrs. E. G. Thompson of Milroy motored to Ann Arbor, Mich., last week, where they spent a few days with relatives. On their return home they stopped at Huntington, Ind., a few days.

—H. H. Crawford of Cincinnati was among the business visitors here today.

—Mr. and Mrs. Earl Harton attended the state fair at Indianapolis yesterday.

—Mrs. Lou Weeks and George Reed will be theater goers in Indianapolis this evening.

—Miss Ora Hudson, Norval Hudson and W. H. Hudson motored to Knightstown today.

—Mr. and Mrs. J. W. Hogsett have gone to Chicago for a week's visit with their daughter, Mrs. Horace Ingram.

—Mrs. John Kinsley and daughter Mary have returned from Muncie where they were the guests of relatives for several days.

—Miss Flora Williams went to Anderson this afternoon, where she will be the guest of Mr. and Mrs. William Appert for a few days.

—Mrs. Charles F. Wilson and son Donald have returned from an extended visit with relatives in Hammond, Ind., and Chicago.

—Lieutenant Lowell M. Green of the sanitary detachment of the Fourth Infantry, in camp at Fort Harrison, spent the day here.

WINS 2 CHAMPIONS AND GRAND CHAMPIONS

George Reeves Continues Winning With Herd of Spotted Poland Chinas at State Fair

BUYS THREE MORE FOR \$1,000

George Reeves, who is showing his champion herd of Spotted Poland China hogs at the state fair this week, won two championships, two grand championships and three seconds.

Mr. Reeves has also purchased at the fair three Spotted Poland Chinas in the under year class for \$1,000 the highest price ever paid at the state fair. Two of them are gilts, one the champion of the fair and the other first champion in her class, and the other is a boar, champion and grand champion in his class.

With his own herd, Mr. Reeves won the champion and grand champion prizes in her class with Elizabeth No. 11640 and champion and grand champion in the class for senior yearlings with Palmyra 1 No. 16,084. Vivian Martin was second in her class and Duke's Pet No. 16,696 took second in the class for under year gilts. The Duke of Fairland No. 1,581, the boar of the herd, was second.

Unfounded Stories

There has always been suspicion on the part of many that stories printed to the effect that food commission men buy up crops and allow them to rot in order to decrease the supply and thus bring about higher prices, are without any foundation, and the State Council of Defense has traced to its root a "story" from Shelbyville of this character.

The investigation of the published report that fruit is being allowed to drop from the trees and rot on the ground and cabbage is allowed to rot on the stalk proved to be untrue. The state defense body, in a statement issued today, says that it is anxious that such waste be reported, but warns the consumers of the state that many such stories are perhaps with no more foundation in fact than the one investigated.

A thorough inquiry by a skilled investigator, disclosed that the report had been given widely increased circulation by publication in at least two newspapers. Its source was traced through five different men, the last one denying all knowledge of the alleged facts, and adding that he had no recollection of ever telling of such an incident. He added the opinion that the story originated in "some-one talking to hear his head roar."

The conservation of food is so all-important that the state authorities under the direction of Dr. Barnard, Indiana representative of the national food administrator, Herbert C. Hoover, will take prompt and effective steps to punish anyone guilty of conspiring either to waste food or hoard it for the sake of increasing prices through artificial means. Under the newly enacted federal statute there is a severe penalty for such practices as were alleged to have resulted in loss of fruit and vegetables near Shelbyville.

Farmers or fruit growers who enter into any sort of contract that permits of losses through improper handling or neglect, may find the heavy hand of the law upon them, Dr. Barnard warns.

The State Council of Defense is urging every patriotic citizen in Indiana to report all such cases, to the end that there be no criminal waste of food stuffs which are considered vitally necessary for a successful prosecution of the war and for the comfort and well-being of the American people themselves.

Will Not Hurt Gerard

A fine example of attempting to lock the stable door after the horse has been stolen is to be found in a bill which Representative McKeown of Oklahoma has introduced in Congress to deny the privilege of copyright to any book for which the author gained "the information, facts, conclusions or impressions" while acting as a representative or employee of the United States government. Mr. McKeown would not allow copyright for such a book even though it were published after the writer had left the public service. The enterprise of Ambassador Gerard in taking original documents and selling them under copyright in

Firemen May Be Knitting Socks Soon

Joe Williamson and John Willis Promise Red Cross Worker They Will Knit and They Think They Can Do It Just a Little Better Than The Average.

READY TO BEGIN AT ANY TIME

The sight of Firemen Joe Williamson and John Willis knitting socks for soldiers is one of the possibilities of the near future, if a Red Cross worker keeps her promise and the two firemen do as they say they will.

"I can knit a sock as well as anyone in Rushville," says Fireman Willis, "and I can prove it whenever I get the necessary articles."

The other day a Red Cross worker passing the fire department asked the firemen why they didn't utilize the time that hangs heavy on their hands by doing something for the men who are going to fight. She told them they could knit because a Cleveland woman who was here this summer said all the Cleveland firemen are knitting.

The firemen agreed to knit if provided with the yarn and needles and every time this energetic Red Cross worker passes the fire department, they ask her when they begin work. Yesterday she promised them she would bring the material and it's a safe wager that Firemen Williamson and Willis will not "back down."

HUNDREDS GOING TO THE FAIR FROM HERE

Largest Crowds Ever Attending From Rush County Are Going to Indianapolis Daily

ALL THE CARS ARE CROWDED

The Indiana state fair is enjoying a better patronage this year than ever before and the attendance from Rush county this week is estimated to be larger than any year in the history of the fair. Nearly every I. & C. train to Indianapolis is run in two sections, all of them loaded down with passengers.

Among fair visitors yesterday from Rush county were: Mr. and Mrs. Will M. Bliss, S. L. Trabue, Fred A. Caldwell, Mr. and Mrs. Ed Pitman, Mr. and Mrs. Elsa Hillgoss, John Lewis, Howard Brecheisen, R. L. Tompkins, Walter Hubbard, W. O. Feudner, Irwin Kinneer, George Campbell, Bert Ormes, E. O. Anderson, Will Bosley, Frank McCorkle and Harry Riche of Milroy, O. C. Norris, John C. Blackledge, Dr. and Mrs. Charles Green and family, the Misses Achasha and Hettie Retherford, Mr. and Mrs. Fon Riggs, Dr. and Mrs. F. G. Hackleman, Mr. and Mrs. Frank Capp, Mr. and Mrs. Walter Capp, Albert Capp, Fred Glore.

COUNTY AGENTS MEET

La Porte, Sept. 5.—County agents of the state met here today to give special attention to soil fertility including various kinds of commercial fertilizers and the use of lime.

this country is, it may be supposed, the animus of Mr. McKeown's proposal.

The banks are complaining of a shortage of one and two dollar bills. We hope their complaint will be able to produce some remedy for this condition of affairs—which a great many people have had occasion to notice and complain about for a long time without any good result.

The food conservationist who announced the discovery that a frugal housewife can make two pounds of butter out of one by working a pint of milk into the butter has nothing on the dairyman who makes two quarts of milk out of one by adding liquid from the pump.

Pay Telephone Toll

Don't overlook to pay your telephone toll before Sept. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. **M. V. SPIVEY**
146t10. Secretary.

IF YOU WANT GOOD GOODS

Goods as good as they can be made—come to us. You may say that every dry goods dealer you know sells good goods. You may have been told by many of them that their goods are the best. But are they?

We Don't Ask You To Take Our Word

for it. We don't expect you to believe that statement until you have made an investigation. We know what a broad assertion we have made. We have the goods to back it up.

If You Look For Cheap Goods

you won't find them here, but if you are looking for goods of quality—if you want the best value for the money—you'll find this store peculiarly prepared to satisfy you.

Experiment Prove Facts

Don't you think you had better find out about the many advantages in Style, Quality, Service and Price offered exclusively at this store. Next time you buy anything in our line try us. Better still, come in any time and look around—then you'll know just where to go when you get ready to buy.

RUSHVILLE INDIANA

You Can Take Hills on High Without a Knock

if you will keep your car free from carbon. That knocking in your engine—the difficulty you have climbing hills—poor pick-up—lack of power—noisy motor—pre-ignition—in fact 80% of engine trouble is caused by carbon. Clean it out with

Johnson's Carbon Remover

and your engine will run like it did the first 500 miles, quietly and full of "pep"—and you will reduce your gasoline consumption from 12 to 25 per cent.

You Can Do It Yourself

For 35 cents—five minutes time and with no labor, you, yourself, can remove all carbon deposits. Simply pour an ounce of Johnson's Carbon Remover into each cylinder—allow it to remain there from two to twelve hours. Then start your car and drive ten or fifteen miles. You will be surprised at the wonderful improvement.

The Power of Paint

"I never heard," said a farmer's wife, at one of the Farm Center meetings, "what a few dollars spent in paint could do for a person's health. You see my nerves were all splintered and working in a dingy kitchen didn't improve them much. No matter how I scrubbed and polished, the kitchen always looked dismal and I got so I just hated the sight of it. Then my husband went to a farm meeting and the Farm Adviser said something about more cheerful surroundings for the farmer's wife. He said they were worth dollars and cents to the farmer and that the whole nerve cure, as he called it, could be cured for a few dollars. My husband was impressed. He had the kitchen painted. You should see it now. It is so cheerful and so light that it almost seems that two or three windows had been put in it. Then, too, we fixed up our BED ROOM all in white and I bought some new hangings, and, well—that paint cured my nerves."

There is no questioning about the powerful influence of helpful, cheerful home surroundings and environments. **JUST TRY IT NOW IN YOUR OWN HOME. "BRIGHTEN THE CORNER WHERE YOU LIVE"**

FIRST OF NEW ARMY ARRIVE AT CAMPS

Five Per Cent Increment Making
34,350 Men Reach Their
Cantonments

EACH MEN IS ON HIS HONOR

Comedy And Tragedy Co-Mingled
in The Scenes of Parting At All
Places

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Sept. 6.—America's first 34,350 drafted men bade home goodbye and marched away to war, most of them reaching their cantonments today.

They went amid the tears and cheers of millions. Some with the light of adventure lighting their eyes, others not so happily.

From every walk of life and from every nook and cranny in the nation they came trooping in each with his meagre bundle and his vision of France and the fighting front.

In cities, towns, hamlets and villages gayly bedecked in honor of their going they lined up, the first of American conscript legions, at salute before the local boards which chose them.

Their procession formed but the vanguard of a larger which followed in their wake. Wives, mothers and sweethearts, brothers, fathers, and friends trudged along at their sides and stood at a distance while they reported themselves ready to do their bit.

Today these boys who yesterday were prosperous young business men, clerks, laborers, artists, roustabouts, stenographers, students, social butterflies or pool room hanger-ons, are all levelled to the drab plane of khaki, indistinguishable units under the orders of the war masters, learning the business of battle at the country's sixteen cantonment camps.

Assembled from homes, and hotels and rooming houses where many of them spent the night, the groups were each put in charge of a drafted man selected from among their number.

Headed by the members of each local exemption board, all day long, through the land, parades of drafted men followed by parades of their relatives and friends, wended their way through home town streets to long trains waiting at the railroad stations to whisk them away to camp yesterday.

They went on their own recognition. Each man was on his honor to report to his cantonment camp commander. The only guardian of their loyalty as citizens and members of the military organization of the nation was one of their own number.

Comedy and tragedy commingled in the scenes of parting everywhere. Mothers wept. Brusque old fathers bluffed it through. Sweethearts threw kisses or cried as the mood seized them. Boys without parents or homes went quietly, with no one to mark their going. Others left families, and prosperous businesses they had worked hard to get and knew they would have to build over again when they return, if they ever do.

Some conception of the magnitude of the railroad's task in moving the men may be gained from the fact that it requires 6,229 cars made up into 366 trains, with engines and crews for each train, to move a field army of 80,000 men.

PUBLIC CUP IS ABANDONED

People Drinking From Well on Court
House Block Must Supply Own

Hereafter anyone desiring a drink from the old town well on the public square will have to take his tin cup or sanitary drinking cup with him, as the city board of health has ruled against the public drinking cup. Sam Buckner, court house custodian, has been instructed to abolish the public cup and therefore those who have been depending on the water from the well will have to supply their own cups. Dr. French announced today. Three Wooden, secretary of the board of health, stated the public cup should have been abandoned long ago.

RAINS ARE-AID TO FALL PLOWING

Committee on Food Production Urges
Farmers to Get This Work Done
Early

EARLIER, BETTER FOR WHEAT

Best Way to Insure High Yields Is to
Prepare Early And Sow At Proper
Time

The good rains which have fallen during the past few days makes the plowing of stubble and sod land for wheat an easy matter. The earlier this work is started and completed, the better will be the chances for the coming wheat crop, is the suggestion of the Indiana Committee on Food Production.

The results secured by the Kansas Agricultural Experiment Station show conclusively that the earlier the land is plowed for wheat, the better. It is not only essential that the land should be plowed early, but also that sufficient harrowing be given to conserve moisture and make a firm well-compacted seed-bed. In dry weather, disking and rolling will also prove very beneficial. At the Kansas Station, three fields, plowed July 15th., August 15th. and September 15th. produced respectively, 38.4, 27.7 and 15.8 bushels to the acre. The soil in each field was worked down immediately after plowing. The much larger yield from the early plowing, shows conclusively the importance of starting seed-bed preparation for wheat at the earliest possible date.

At the same station, land plowed August 15th. and not worked until September 15th. yielded 23.6 bushels to the acre against 27.7 bushels for land which was plowed at the same time and worked down immediately. These experiments show that by packing the seed-bed immediately after plowing, the soil and sub-soil are put in contact and no air spaces are left to prevent soil moisture from rising into the surface soil. If the soil is plowed late and dry it will be difficult to pulverize the many clods and unless these are pulverized, the air spaces at the bottom of the furrow slice will prevent the rise of capillary moisture.

"On account of dry weather it is not always possible to plow the land early," says J. C. Beavers, State Leader of Wheat Campaign, "but when this condition prevails, the land may be disked before plowing, to good advantage. In nearly all cases it is advisable to roll, drag down or harrow each day's plowing before leaving the field. In many cases land may be rolled and harrowed to good advantage. When the soil is at all moist, it is much easier to pulverize then, than it is several days after when it has dried out. For this reason it is very important that some preparation be given the seed-bed immediately after plowing."

In some instances, oats stubble may be prepared for wheat, without plowing. If the land was plowed in the spring for oats and has not been badly packed from excessive rains, thorough disking will put the seed-bed in excellent condition. By double disking the field twice the soil will be worked to a depth of five or six inches and many farmers consider this method better than plowing, especially on soil which does not pack badly.

Early and thorough preparation of the seed-bed, combined with proper fertilization, is an effective way of reducing the ravages of the Hessian Fly. It is a noticeable fact that wherever the young wheat plants are strong and vigorous, the injury from the Hessian Fly is not so great. Early and thorough preparation of the seed-bed make ideal conditions for quick germination of the seed and rapid development of the young plants.

The best way to insure high yields and large profits is to prepare the seed-bed early and be ready to sow at the proper time.

BOMBARDS TOWN (By United Press.)

London, Sept. 5.—A German submarine bombarded the British town of Scarborough last night, Lord French announced today. Three persons were killed and five injured. The material damage to the town was slight.

WIDOW OF LANDY GARDNER EXPIRES

Mrs. Harriet Gardner, Age 88, Dies
at Home of Her Daughter,
Mrs. Homer Cole

FIVE SONS AND A DAUGHTER

Mrs. Harriet Gardner, 88 years old, widow of the late Landy Gardner, died Wednesday afternoon at four o'clock at the home of her daughter, Mrs. Homer Cole in Buena Vista avenue. Mrs. Gardner had been ill for some time suffering from senility and while her death had been expected it came rather suddenly. Mrs. Gardner had been out riding the day before and appeared in better health than usual. Mrs. Gardner was born March 11, 1829. She was married twice, first to Aquilla Sampson and later to

the late Mr. Gardner. She was widely known throughout the county and was extensively related. She is survived by five sons, Jerome Sampson, Horatio Sampson, Theodore Sampson, and Lot Sampson and two daughters, Mrs. Miranda Kiplinger and Mrs. Homer Cole.

The funeral services will be conducted Friday afternoon at one o'clock in the Main Street Christian church and burial will take place in Hurst's cemetery.

KICKED IN FACE BY MULE

Claude Kynes of Shelbyville was severely injured by being kicked by a mule yesterday while delivering a number of them purchased in this county to the Ogden barn in Shelbyville. One of the mules kicked him in the face, knocking all his upper and lower front teeth out and nearly cutting the flesh of his upper lip from his mouth. He was knocked unconscious and was later found along the road by Mr. Hungerford who took him in a machine to a Shelbyville physician.

Laugh When People Step On Your Feet
Try this yourself then pass it along to others. It works!

Ouch! ?! ?! ?! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Society

The last meeting of the year of the C. W. B. M. was held yesterday afternoon in the parlors of the Christian church, with the ladies of the September division as hostesses. The meeting was marked with a large attendance, about sixty were present. The topic of the program which was carried out was, "The Congress on Christian Work in Latin-America." Bible study was given by Mrs. P. H. Chadwick; "The Occasion and Object," was a paper read by Mrs. William M. Alexander; Mrs. Isom Stevens talked on "The Preparations and the Meetings;" Mrs. Roy Waggoner gave an inspiring talk on "Facts and Conclusions." The program was concluded by a paper on "Woman's Work: Extension Work," which was read by Mrs. Will Frazee. Miss Charlotte Norris provided the music during the meeting. Dainty refreshments were served at the close of the afternoon.

About eleven members of the Woman's Foreign Missionary society of the St. Paul's M. E. church held their last meeting of the year with Mrs. V. C. Bodine, yesterday afternoon at her home in North Perkins street. Miss Mary Louise Poe accompanied by Miss Dorothy Sparks provided the music and a program was carried out as follows: devotional, Mrs. W. M. Whitsitt; paper, Mrs. R. W. Noyer; election of officers with Mrs. J. H. Scholl president; Mrs. V. C. Bodine, first vice-president; Mrs. A. L. Aldridge, second vice-president; Mrs. R. F. McClannahan, treasurer; and Mrs. W. M. Whitsitt, secretary. At the conclusion of the business session, the hostess served splendid refreshments.

Honoring her two sisters, the Misses Osa and Esther Foster, who will move to Greencastle in a few days, Mrs. Fred Shelhorn entertained with a six o'clock luncheon at her home southwest of Milroy, Tuesday evening. Dainty place cards marked the places for the following guests: the Misses Alleine Murr, Ellendore Lampton, Emily Morgan, Beatrice Cameron, Esther and Osa Foster and Lawrence Hiatt, Wilbur Johnson, Ray Kelly, Lawrence Jackson, Paul Stewart and Harry Ray.

Miss Hayme Kuntz was the hostess to about ten members of the B. N. club at her home this afternoon. Two guests of honor, the Misses Loretta and Mary Rill were also present. During the afternoon the guests sewed and knit and a dainty two course luncheon was served. A pretty color scheme of yellow and white was carried out in all of the appointments of the luncheon, Miss Ethel Oakley will entertain the club in two weeks.

Mr. and Mrs. Elmer Kellam and daughter Loretta were entertained Monday with an elegant noon dinner at the home of Mr. and Mrs. Ivan

Social Calendar

Friday
Friday Afternoon Embroidery club with Miss Alice Norris, 623 North Harrison street.
Happy-Go-Lucky club with Mrs. O. J. Myers at her home southeast of this city in the afternoon.
Emanon club with Mrs. Lowell M. Green, 329 East Sixth street, in the afternoon.
Loyal Daughters class of the Christian church with Miss Pansy Newhouse, 220 East Second street, in the evening.

Harter of Mt. Summit, Ind. The other guests included Mr. and Mrs. Patrick Miles, of Chicago, Miss Leo Wagoner of Newcastle, Bert Wagoner of Elwood, and P. J. Wagoner of Milroy.

Honoring the girls, who will leave next week for college, Miss Dorothy Mulno entertained with a pitch-in supper last evening at her home in North Jackson street. After supper the girls were entertained with a slumber party at the home of Miss Helen Frazee in North Main street. Those enjoying the delightful functions were: the Misses Dorothy Sparks, Marie Clark, Marjory Thomas of Omaha, Neb., Dorothy Frazee, Helen Frazee, Lois Reeve, Katherine Guffin, Margaret Ball and Kathryn Wooden.

Miss Lois Reeve, assisted by Miss Dorothy Frazee entertained the girls with an elegant one o'clock luncheon at the home of Miss Reeve in North Main street. The plates were marked with dainty hand painted place cards and pink candles shed a soft light over the table. A large bowl of flowers centered the table and covers were laid for twelve guests and a four course luncheon was served.

Miss Mary Louise Bliss will entertain the girls with a pitch-in supper this evening and following that, Miss Dorothy Sparks will entertain with a slumber party.

A large attendance is especially desired at the meeting of the Loyal Daughters class of the Christian church, which will be held with Miss Pansy Newhouse tomorrow evening at her home in East Second street. During the meeting the girls will sew and knit for the Red Cross.

Ralph Gosnell and Mr. and Mrs. E. E. Hungerford and son Iden motored to Greensburg Sunday and were the dinner guests of Mrs. Orril Montanye.

The Ladies of the last division of Noble township are requested to meet with Mrs. Roscoe Titworth tomorrow afternoon to sew for the Red

KING'S FAMILY DRESSES SIMPLY

Women Members of Italian Royal Family Have Not Had New Hat Since War Started
UNPRETENTIOUS FROCKS

(By United Press.)
Rome, Aug. 14. (By Mail)—American women, please take notice! Neither Queen Elena nor the Queen Mother Marguerita has had a new dress or a new hat since Italy entered the war.
The same rigid satorial economy extends to the royal children. The simple Boy Scout uniform is practically the 12 year-old Prince Umberto's Sunday-go-to-meeting suit. Unpretentious frocks, generally in cheap plaids or white stuffs and even gingham, are the wartime clothes of Prince Yolanda, Princess Mafalda, Princess Giovanna and the baby princess Maria.
The King's "dress suit" as the world knows is a grey-green uniform.

PROBE DOCUMENTS GATHERED IN RAIDS

Government Investigators Search Material Gathered From I. W. W. And Socialist Headquarters

PLANS TO HINDER WAR WORK

(By United Press.)
Washington, Sept. 6.—The state department proposes to eliminate I. N. W. and other anti-American activity from the nation's political and industrial structures.

To this end government investigators throughout the country examined the I. W. W. and socialist documents gathered in yesterday's swoop on many headquarters. These will reveal a startling program to hinder American war work.

Further they may show that German or Austrian money is financing the trouble of recent weeks—I. W. W. strikes, riots and intrigues. The Patriotic Educational society today charged directly that Austrians and Bulgars are responsible for this condition.

STARTS OFFENSIVE ON THE JULIAN FRONT

Italy Also Redoubles Her Efforts in Drive Towards Trieste and Laiback, Rome Says

BRITISH AND FRENCH HELP

(By United Press.)
London, Sept. 6.—Italy resumed her offensive on the Julian front today while redoubling her drive towards Trieste and Laiback. Rome dispatches detailed the greater concentration of men, artillery and aeroplanes on the Italian side that this front has ever seen. Official statements mention 216 Italian aeroplanes as having participated in the fighting.

British and French artillery is aiding in the land fighting and in the Gulf and Trieste, British and French war ships are co-operating with Italian monitors in shelling Pola, Austria's great naval base.

Rome estimated today figure that since August 15 when Gen. Cadorna started his present drive at least 37,000 Austrians have been taken prisoners.

British and French artillery is aiding in the land fighting and in the Gulf and Trieste, British and French war ships are co-operating with Italian monitors in shelling Pola, Austria's great naval base.

Rome estimated today figure that since August 15 when Gen. Cadorna started his present drive at least 37,000 Austrians have been taken prisoners.

MY WORD! WHAT A NOISE!

London, Aug. 15 (By Mail).—Here is the Londoners conception of America as set forth in one of the newspapers. It is submitted without comment.
"Everybody who has ever been to America knows that delectable land to be the noisiest, most uproarious and clamorous spot in the whole universe. It is a country of hustling and bustle and confusion, a land of sickening thuds, of banging street-cars and ear-splitting overhead railways, of clanging bells and brokers shrieking through their noses. If the lynch-pin dropped out of the cosmic system and the stars came tumbling about us, they wouldn't hear it in New York."

GERMAN PEOPLE WANT SHIFT ATTACKS TO NO GAIN FROM WAR

This Will be Reply of Government to Pope Benedict's Proposals of Peace

ONLY DURABLE PEACE ASKED

By JOHN GRANDENS
(U. P. Staff Correspondent.)

Berlin, Sept. 6.—Germany will tell Pope Benedict the German people want no gain from the war, but only a durable peace guaranteed by international treaties, according to authoritative sources here today by Vorwaerts.

"The fall of Riga," the Vorwaerts declared, "may be expected to destroy the belief apparently held by the entente powers that Germany's peace wishes are to be considered as a token of weakness."

It was the Vorwaerts which recently voiced the belief that it would be "dishonorable" for the German government to refuse President Wilson's stipulation that they guarantee their government peace pledges.

A series of revival meetings has been started at the Christian church at Buena Vista, Franklin county, near the Rush county line and is being conducted by the Rev. G. I. Hoover of Indianapolis, state evangelist of the Christian church for eastern Indiana. The services will continue for two weeks and the Rev. Mr. Hoover will preach at each service. The Rev. C. C. Wilson is the regular pastor of the church. A cordial invitation to attend these services is extended to the public.

George Aultman began his nineteenth year as rural mail carrier out of the Rushville postoffice yesterday. He is the oldest rural mail carrier in Rushville in point of service. Mr. Aultman and the late Frank Redman both started carrying the mail September 6, 1898.

Mrs. Lola Havens and Mrs. Ethel Horrell have rented three lower floor rooms in the Rushville Co-operative Telephone company's building formerly occupied by Dr. Lowell M. Green and will move their dress-making shop and beauty parlor there in the next few days.

The subject of the prayer meeting sermon tonight at the First Presbyterian church is, "Acquaintance with God."

POTATO "DON'TS"

Don't injure the selling and storing quality of your potatoes by careless digging.

Don't glut the fall market and injure your winter market by placing large quantities of ungraded stock on the market at harvesting times.

Don't mix No. 1 and No. 2 grade potatoes. There are customers who desire each separately, but do not want them mixed.

Don't overlook the potato grades recommended by the United States Department of Agriculture and the United States Food Administration.

WEALTH CONSCRIPTIONISTS BEGIN FIGHT FOR AMENDMENT TO TAKE 50 PER CENT OF ALL OVER \$47,500

Wealth Conscriptionists Begin Fight For Amendment to Take 50 Per Cent of All Over \$47,500

CONCESSIONS MAY BE MADE

(By United Press.)

Washington, Sept. 6.—Senate wealth conscriptionists shifted their attack today from war profits to proposed heavy levies on big incomes.

The fight begins on an amendment by LaFollette seeking 50 per cent of all incomes in excess of \$47,500.

Another amendment less drastic will follow if the proposal is defeated. The Borah-Johnson group hopes to force the committee to make substantial concessions rather than carry their own amendment to victory. Senator Trammell of Florida will fight to exempt single men with \$2,000 incomes and married men with \$3,000 incomes from taxation. The committee figures are \$1,000 for single and \$2,000 for married men.

The Princess offers Earl Williams in the feature drama, "The Hawk" for the program tonight. It is the story of how a count preys upon society with the aid of his beautiful wife. There are many big scenes and it is said to be a very dramatic picture. The attraction Friday and Saturday will be George M. Cohen in "Broadway Jones," a typical American play.

The Gem will show June Caprice in the feature drama "A Child of the Wild" for the program tonight. It is a Fox production in five reels and is said to tell a fine story. Tomorrow Helen Holmes will be seen in the next chapter of "The Railroad Raiders." This one is entitled, "Inside Treachery."

INJURIES MAY BE FATAL TO RURAL MAIL CARRIER

Continued From Page 1

These two men watched the mail while Mahin was being brought into the city. The mail was scattered for several hundred feet down the track.

The machine was thrown against one of the posts with the warning signs of a double railroad crossing. This post was broken off and the machine hurled beyond several feet distant. The machine was practically demolished.
Mr. Mahin is a son of Mr. and Mrs. Samuel Mahin, living west of the city. He is one of the most popular employees in the local office. He is married and has a small child. He has been employed as a rural route carrier for about three years, and before this time was a farmer. When first picked up Mr. Mahin was unconscious but after being placed on the car regained consciousness and was able to tell his name and address.

INJURIES MAY BE FATAL TO MAIL CARRIER

Wilbur Mahin, 26, Rural Route Man
on No. 7, Struck by I. & C.
Car, Not Likely to Recover

AT BUELL STOP EAST OF HERE

Suffers Heavy Blow in Back Near
Heart and Lung Congestion
Makes Breathing Difficult

HIS MACHINE IS DEMOLISHED

Evidently Saw Interurban Car Be-
cause Auto Emergency Brake
Was Set—Hurled 20 Feet

Wilbur Mahin, 26, rural route
carrier on route seven out of the
local postoffice, was probably fatally
injured this morning when the auto-
mobile in which he was riding was
struck by an Indianapolis and Cin-
cinnati traction car at the Buell
crossing, one and one-half miles
east of the city.

Mr. Mahin sustained internal in-
juries, and while conscious at times,
is in a very critical condition and is
said to have slight chance of recover-
ing. Apparently there are no
broken bones, but he sustained a
heavy blow in the back near the
heart and a congestion of the left
lung renders his breathing difficult.
It was at first stated his back was
broken but this was not the case.

The car which struck the auto-
mobile left Rushville, east bound at
7:30 o'clock this morning and was in
charge of Garrett Cartmel, motorm-
an, and Clarence Baker, conductor
both of Indianapolis. The mail was
late this morning and Mahin left the
office at about 7:26 o'clock.

The heavy traction car struck
the light machine near the front
and pitched it forward and down an
embankment a distance of twenty
feet. The car was running fast and
the motorman did not see the
machine in time to stop. Mahin evi-
dently saw the car, but it was too
late. An examination of the auto-
mobile showed that the emergency
brake was set, leading to the belief
that he saw the car and tried to
stop. The roadway has recently
been covered with gravel and the
supposition is that the auto slid
upon the track even after the brake
had been applied.

The traction car was backed to
the scene of the accident and Mahin
extricated from the wreckage. He
was brought back to the city on the
car and rushed to the sanitarium of
Dr. J. C. Sexton. Exceedingly quick
time was made in getting him to the
hospital and he was receiving medi-
cal attention by eight o'clock. Ma-
hin received a slight blow near the
temple but his worst injury is in the
back, which effects his breathing
and gives indication of internal in-
juries.

The crossing at the Buell stop,
known as No. 31, is exceedingly
dangerous, despite the fact that the
corn on both sides of the road south
of the track along which Mahin was
traveling has been topped. The
track for a distance of half a mile
can be seen when ten feet from the
rails. The driving is rather difficult
and it is believed Mahin was watch-
ing the road closer than the traction
line. It was at this same crossing
that Lewis Wilson and his young
son, Clyde were killed shortly over
a year ago.

There were several passengers in
the smoking compartment of the
traction car but none of them saw
the accident. Among these was
Birney D. Spradling of this city, a
field examiner for the state board
of accounts and Harry Schmalzel,
who were enroute to Connorsville.

Continued on Page 6

NEARLY MET THE SAME FATE

R. G. Bogue's Auto Hit by I. & C.
Car at Same Crossing

R. G. Bogue narrowly escaped the
same fate that befell Wilbur Mahin
this morning, at the same crossing,
when his machine was shoved off the
track by an I. & C. eastbound car,
the one which leaves here at 3:37
p. m., on Tuesday afternoon. It was
just learned today that Mr. Bogue
succeeded in stopping his machine
in time to avoid getting a broadside
from the traction car. The auto-
mobile was not turned over and was
not damaged except for a bent fender.

SANITARY UNIT MEN GET NEW CLOTHING

Another Hat, Shirt, Towels, Pair of
Shoes and Marine Leggings
Are Issued to Them

FOURTH ALL MOBILIZED NOW

(Special to the Daily Republican.)
Fort Benjamin Harrison, Ind.,
Sept. 6.—The sanitary detachment
of the Fourth Indiana infantry, in
camp here, was given another issue
of clothing yesterday. Nearly every
man received another hat, shirt,
pair of towels and a pair of shoes.
A pair of marine leggings has been
issued to each man in addition to
the canvass leggings received be-
fore.

Following the arrival yesterday
of the remainder of the companies
of the Fourth Indiana, a big review
was held here last evening at five
o'clock. All units of the Fourth
are in camp here now except Com-
pany B of Rushville, who went to
Hattiesburg a few weeks ago.

The following companies of the
Fourth arrived yesterday: E of
Marion, F of Bedford, G of Evans-
ville, H of Columbus, A of Decatur,
C of Huntington and I of Madison.
None had very much clothing or
equipment. Whenever a new com-
pany arrived, the band met them at
the station and the other troops
lined up and cheered.

MANFORD STEVENS IS FINED \$50 AND COST

Jury Finds Him Guilty of Assault
and Battery, Holding He Did
Not Try to Kill Hoffman

JURY OUT 4 AND HALF HOURS

Manford Stevens was found guilty
of a charge of assault and battery
and fined \$50 and costs by the jury
which heard the case in circuit
court. Stevens was charged with
assault and battery with intent to
kill George Hoffman and the verdict
of the jury took no recognition of
the intent charge of the affidavit,
holding that Stevens did not attempt
to kill Hoffman.

The jury was out four and one-
half hours in reaching the verdict
and reported to Judge Sparks short-
ly before mid-night. The case
went to the jury about 6:30 o'clock
and after eating supper the jury
began its deliberations.

The trial, which lasted two days,
attracted considerable attention.
Omar Stevens, who is charged with
a similar offense will be tried later.
The case was extremely hard fought
on both sides. The offense was
committed April 2, 1917 at the Ste-
vens home in Noble township when
Hoffman went there for the purpose
of seeing his son, who is in the cus-
tody of Hoffman's divorced wife.

The Rev. George R. Sweeney of
Columbus, Ind. will preach at the
Main Street Christian church next
Sunday morning and evening. The
church is without a pastor since the
Rev. C. M. Yocum left.

AUXILIARIES ARE ENLISTED IN WORK

Red Cross Instructors in Knitting Go
To Milroy Today And Will Be in
Carthage Tomorrow

HELP ON COUNTY ALLOTMENT

New Illustrated Circulars on Knit-
ting Are Issued, But None Is Re-
ceived Here

Two instructors in knitting went
to Milroy today to teach the women
of the Red Cross auxiliary there the
Red Cross way of knitting articles
which Rush county Red Cross has to
provide. The instructors were Mrs.
Pinkney Dearing and Miss Emma
Wilk. Instructors will also go to
Carthage tomorrow for the same
purpose.

The Red Cross is making every
effort to get out its allotment of
three hundred knitted sets, consist-
ing of sweaters, mufflers, wristlets
and socks, in record time. The aux-
iliaries are being enlisted in the work
as rapidly as possible.

Publicity matter sent out by the
Washington office of the Red Cross
says that a half million illustrated
knitting circulars have been sent to
Red Cross chapters, but none has
been received here yet. The circulars
contain full information on how to
knit the eight standardized articles,
sleeveless sweaters, mufflers, hel-
mets, socks, wristlets, wash cloths,
bed socks and bottle covers, autho-
rized by the woman's bureau of the
Red Cross. The handbooks are pri-
marily for hand knitters.

The Rush county chapter has been
called on to knit only four of these
eight articles and therefore is not in-
terested in the information contain-
ed in the circulars about the other
four. The chapter here has ample
instructions on knitting these arti-
cles in circulars received previous to
the time the ones mentioned in Red
Cross publicity matter issued this
week.

These latest circulars, according
to the statement from the Red Cross
warn all knitters that knots, ridges
or lumps should be carefully avoid-
ed, as they are very apt to blister
feet.

Recent cables from Major M. P.
Murphy, Red Cross commissioner in
France, again emphasize the neces-
sity for warm knitted articles for the
men who face the hardships of a
winter in the trenches. Army offi-
cers request that the knitted articles
be forwarded as soon as possible.
The severity of winter with a coal
shortage to face and a rising tuber-
culosis rate to combat demand that
several million garments reach
France before Thanksgiving. Major
Murphy has asked for one million
sweaters alone.

The circular is the first of a se-
ries to be issued by the Woman's Bu-
reau of which Miss Florence Marshall
is director. Others are to be issued
immediately on the making of com-
fort kits, the manufacture of hospi-
tal garments, surgical dressings and
relief kits for the refugee children of
France and Belgium.

ASKS \$250,000 DAMAGES

Mayor Thompson of Chicago Files
Libel Suit Against Herald

Chicago, Ill., Sept. 6.—William
Hale Thompson, mayor of Chicago, to-
day filed suit for \$250,000 damages,
charging libel against the Chicago
Herald and James Keeley, publisher.
Simultaneously he made public a long
statement defending himself against
charges of "anti-Americanism" and
alleging he has been libeled by the
"press of Chicago and others."

Washington, Sept. 6.—Two hun-
dred and thirty-five million dollars
for torpedo destroyers, was asked of
congress today in a revised esti-
mate submitted by Secretary Daniels.

BOARD REVOKES AN EXEMPTION

Army Selection Body Certifies Name
of J. L. Tuerff of Manila to
District Board

WIFE GIVES INCOME AS \$300

Investigation Disproves This and
She Files New Affidavits—
Higher Board Keeps First Ones

The exemption granted Joseph L.
Tuerff of Manila by the local selec-
tion board, was revoked today and
his name was certified to the dis-
trict board for service. The certi-
fication of Tuerff's name brings
the total up to 28 over the county's
quota, according to the records of
the board.

Tuerff originally filed a claim for
exemption on the grounds that his
wife and child were dependent upon
him. In her affidavit Mrs. Tuerff
stated that her income was \$300 a
year outside of that of her husband.
The board granted the claim. Then
A. L. Gary made an investigation
and found that Mrs. Tuerff had
given in for taxation notes valued
at \$12,000.

The Tuerffs then asked permission
to withdraw the first affidavits and
filed new ones, setting up that her
income was \$600 a year. The dis-
trict board refused to return the
first affidavits, but gave permission
for the board to act on the second
affidavits, which was done today in
revoking the original exemption.

No blame is attached the local
board for granting the original ex-
emption to Tuerff as the board took
the affidavits to be the truth and
without time or authority to inves-
tigate, the board granted the claim.
In looking up the various claimants
Mr. Gary found that Mrs. Tuerff
had an income far above that re-
ported to the local board and gave
his intentions of appealing the case.
Mrs. Tuerff was formerly Miss Mary
John.

It is not known why the district
board did not return the first affi-
davits and because they were not
returned the local board believes
some further investigation may be
made.

A. L. Gary has not yet received
word to report to the district board
and it is not known when the Rush
county cases will be taken up. The
claims of Wayne county were acted
on yesterday and the day before
many of the Franklin county claims
were taken up by the board. Mr.
Gary is holding himself in readiness
and expects to be called almost any
day. After his appearance before
the board, the correct list for Rush
county should be available.

DEFENSE ASKS FOR A CHANGE OF VENUE

Motion is Filed in Case of C. W. B.
M. Against Estate of the Late
Nancy Furry

SUIT TO COLLECT BEQUEST

A motion for a change of venue
from the county has been filed in
the suit of the Christian Woman's
Board of Missions against the estate
of the late Nancy A. Furry, on a
claim demanding \$5,000. The mo-
tion was filed by the defendant. The
court has previously overruled a
demurrer to the complaint. It is
alleged that Mrs. Furry gave the
Board of Missions a note for \$5,000,
which was to be paid after her
death. The suit is to collect the
money alleged due to the society.

A motion for a change of venue
from the county has also been filed
in the divorce suit of Dessie Hinch-
man against William Hinchman. The
plaintiff filed the motion. No action
has been taken on either of the
two motions.

IS SEEKING RELIEF FUNDS

Secretary Armenian-Syrian Com-
mittee Confers With Red Cross

Mead A. Kelsey, field secretary for
the American Committee for Armen-
ian and Syrian relief, was here to-
day for a conference with local
Red Cross leaders seeking funds
for the relief committee. He ex-
plained the needs of the Armenians
and Syrians at a meeting here in the
public library rest room this morn-
ing. The matter was left with the
executive committee of the local
chapter of the Red Cross and with
this committee rests the question
whether a campaign for funds will
be undertaken.

CHARLES PHILLIPS PLACED ON TRIAL

Accused of Assault and Battery
With Intent on Agnes Corya,
Wife of Daniel Corya

HAPPENED MARCH 16, ALLEGED

The case of the State against
Charles Phillips, a well known resi-
dent of Posey township, charged
with assault and battery with intent
to commit a serious crime against
Mrs. Agnes Corya, wife of Daniel
Corya, started today in circuit
court before Judge Sparks and a
jury. It is likely the case will be
completed late this afternoon. The
alleged assault occurred March 16,
1917 at the Phillips farm in Posey
township. Mr. Corya was a tenant
on the Phillips farm.

Mrs. Corya was on the stand
this afternoon and told a sensation-
al story, which for the most part
was repulsive. The jury which
heard the case was as follows: Will
Havens, William Arnold, Lewis
Cline, J. D. Kinnett, Elsie Haywood,
John C. Ellerman, Jabez Winship,
John Davis, Samuel H. Young, Bert
L. Trabue, Newton P. Jones and
Hugh Manzy.

Prosecutor Stevens is assisted by
Chauncey Duncan while the defend-
ant is represented by Douglas Mor-
ris and John A. Titsworth.

RED CROSS TO HELP FAIR CELEBRATIONS

To Assist in Patriotic Demonstra-
tions—Government Agent to
View Agricultural Displays

STOCKHOLDERS GO IN FREE

The Rush county chapter of the
Red Cross today notified the sec-
retary of the Rush county fair as-
sociation that committees were be-
ing appointed and that the organi-
zation would assist in the patriotic
demonstration at the fair Wednes-
day and Friday of next week. It
is planned to have a big basket dinner
for all men certified for the army on
Wednesday. The secretary of the
fair is trying to get in communica-
tion with the State Council of De-
fense to learn who the speaker or
speakers will be.

The secretary has been informed
that a representative of the United
States department of agriculture
will be here to inspect the agricul-
tural display. This is expected to
be an incentive to farmers to make
good exhibits.

Indications are that there will be
more concessions here than ever be-
fore on account of the fact that
there are very few fairs the same
week. The fair is worrying about
what to do with all of the shows
and stands.

The stockholders' tickets for the
Rush county fair are now ready at
the secretary's office. In past years
the tickets would admit any mem-
ber of a stockholder's family but
this year the tickets are good only
for the stockholder.

TAX LEVY IS LIKELY TO BE LOWER IN CITY

County Council Reduces County Tax
One Cent and State Levy is
Five Cents Lower

CITY LEVY IS DOWN A DIME

County Board Appropriates \$62,-
367.50, Which Doesn't Include
Road Bonds and Interest

NOR FOR GRAVEL ROAD REPAIR

Deficiency Appropriation of \$7,588
is Made to Meet Needs of
1917 Funds Exhausted

The council today appropriated
\$62,367.50 to meet estimated ex-
penses for the coming year, not in-
cluding the expense of road bonds
and interest and made a deficiency appropriation
of \$7,588 to make up deficiencies in
funds exhausted this year. The
county levy was reduced one cent.
It was made twenty-five cents for
next year.

Although none of the township tax
rates are yet computed because the
road levy has to be adjusted, it is
estimated that the tax rate in a few
of the township will be lower, possi-
bly in Rushville township.

There is a very strong prospect of
the Rushville city levy being lower
than it is this year. The city council
has already looped ten cents off and
the state levy is five cents less than
last year. The county levy was re-
duced one cent, but the commis-
sioners fixed the gravel road repair levy
at fourteen cents, which is two cents
higher than last year.

The levies for the townships can
not be computed correctly until the
road bond levy is known. Late this
afternoon this has not been arranged
so that it could be given out for pub-
lication.

Auditor's office, \$4,200; clerk,
\$3,400; treasurer, \$3,500; recorder,
\$1,740; sheriff, \$3,630; surveyor,
\$140; county superintendent, \$1,-
704.50; assessor, \$737; health com-
missioner, \$1,150; county council,
\$70; county attorney, \$300; board
of review, \$220; board of truancy,
\$435; court house, \$5,823; jail,
\$700; poor farm, \$6,024; other in-
stitutions, \$2,500; inmate penal
institutions, \$1,500; public printing,
\$600; highway expense, \$150; board
of charity, \$100; for interest, \$100;
expense of ditches, \$200; justice of
peace, \$20; refund of taxes, \$400;
examination of public records, \$1,-
200; bridge repairs, \$5,000; expense
circuit court, \$5,800; insanity in-
quests, \$910; county coroner, \$640.

The appropriations for assessing
follow: Ripley, \$270; Posey, \$245;
Walker, \$240; Orange, \$250; And-
erson, \$250; Rushville, \$610; Jack-
son, \$170; Center, \$250; Washing-
ton, \$250; Union, \$245; Noble, \$214;
Richland, \$210.

The deficiency appropriations for
this year carried a total of \$7,588.
The appropriations included money
for the pedestal lights for another
three months.

MANY RUSSIAN TAKEN

Berlin, Sept. 6.—Capture of 120
Russian officers, 7,500 men, 180 guns
and 300 machine guns with several
armored cars and a quantity of war
materials was announced from the
Riga front today. "Along the
Dvina river we have advanced as far
as Friedrichstadt," the war office an-
nounced.

Washington, Sept. 6.—The United
States government is done with
peace talk until such time as Ger-
many meets America's requirements
for ending the war. The state de-
partment made this clear today.

Tags Furnished White River Creamery Co.

Which is Cheapest?

ITS mighty fine to see the interest so many farmers around here are taking in a better grade of engines. The Mogul kerosene engines we have sold up to date have all made such good records for steadiness and economy, and have proved themselves such good money makers for their owners, that we've been getting a lot of orders and inquiries lately.

Price may sell some things to farmers, but price alone is a poor argument when compared with the records for low cost of operation that Mogul kerosene engines are making in this neighborhood. If you are in the market for an engine, anywhere from 1 to 50-H. P. in size, and want some interesting facts about power at low cost, drop in and see us the next time you are in town.

ASSESSMENT IS MADE ON WHEAT

U. S. Department of Agriculture Hears Grain Dealers Take Unfair Advantage of Farmers

DISCOUNT DUE TO "DOCKAGE"

It is an Arbitrary Assessment in Interest of Buyers Which is Being Investigated

Washington, Sept. 6.—It has been brought to the attention of the United States Department of Agriculture from several sources that, in certain parts of the country where this year's crop of wheat is now being moved, the country grain dealers are assessing the farmers a discount against all wheat purchased, contending that such assessment is mandatory by reason of the official grain standards of the United States for wheat under the United States grain standards Act. Apparently the contention on the part of the country grain dealers is based upon the item "dockage" contained in the official standards. From information received by the department it appears, however, that the discount is actually an arbitrary assessment in the interest of the buyers, and is neither on the basis of the official standards nor required or contemplated by the Act or the regulations thereunder.

The primary purpose in the establishment of the official grain standards of the United States was to provide a basis whereby parties to transactions involving the purchase and sale of grain shipped or delivered for shipment in interstate or foreign commerce might, through being able to obtain a correct application of such standards, arrive at the actual value and make settlement accordingly. The standards for wheat do not provide for any arbitrary assessment for dockage. They do provide for the determination of the amount of sand, dirt, weed seeds, weed stems and certain other matter, called dockage, which actually may be present in a lot of wheat, the amount of which, if in excess of one-half of one percent by weight is to be stated in terms of the actual percentage as a part of the grade designation of the wheat. This is called the dockage system of grading and has been in use for many years in the northwestern States prior to the adoption of the official standards.

The transactions in question appear to be purely local, not involving interstate commerce, and are perhaps conducted in a way not within the prohibitions of the Act. Nevertheless, the Department of Agriculture is investigating the matter and will be glad to have any facts which may be of value. It will do everything in its power to bring about the discontinuance of misrepresentation based on the Act or the standards thereunder.

I. & C. PROBABLY TO ESCAPE SHUT DOWN

Company Has Only Enough Coal to Last Until Saturday, But Six Cars Are on Way

CITY IS NOT WORRIED ANY

With six cars of coal on the way the Indianapolis and Cincinnati Traction company will probably escape a shut down, at least for the time being. Three cars were shipped Monday and three yesterday and as the company is following each car it is likely the situation will be relieved. The company has sufficient coal to last until Saturday. None was received today. The company is making every effort to keep the cars moving in the direction of this city.

The city's coal problems are not causing any great worry. In a letter this morning from the Indian Creek Coal and mining company, Supt. Mahin was told the company would protect the city and send the coal here at the government price providing cars could be obtained. The Lovett priority coal shipping order is blamed for the present difficulty.

With the Indiana Public Service commission contemplating a priority order of its own directing the railroads to supply state institutions and public utilities first the present coal famine should be averted except for the small consumer.

IS NOT A SUBJECT FOR ANY DISCUSSION

France Insists Alsace-Lorraine is Not Topic for Diplomatic Parley, Premier Says

SPEAKS AT CELEBRATION

(By United Press.)

Ferre Champenoise, France, Sept. 6.—"France insists that Alsace-Lorraine is not a subject of diplomatic discussion," declared Premier Ribot today, speaking at a celebration on the battle field of the Marne. "France's only claims are in the character of reparation," he said.

Ribot's speech was the first official utterance of France's position in reply to Pope Benedict. It was delivered at a celebration of the anniversary of the day France's soldiers of democracy turned back the Prussian wave, a scant 25 miles from the capital.

Ribot made it clear that unless Germany separates her economical and military ambitions she must deal with a league of democratic nations, banded together to fight economically as well as by force of arms.

Don't overlook the advantages of "machine sizers." They are proving of great value in many shipping sections.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns I just put some 'Gets-It' on. Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters

"Gets-It" Puts Your Feet in Clever —It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world should worry because the moment you put "Gets-It" on it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes you too sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a box of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullis and Frank E. Wolcott.

Don't Fail to See The Delemead Troupe

George M. Cohan in

"Broadway Jones"

A Typical American Play That You Will Appreciate.

There is more real romance in 10 feet of Broadway than in a mountain range—more laughs in a block than in a picnic—more pathos than in a thousand tears.

A delightful story of a young man tired of village life.

THE SEASON'S BIGGEST EVENT—NO ADVANCE IN PRICE

GEORGE COHAN in "BROADWAY JONES"

Personal Points

—Mrs. Frank Capp spent the day in Indianapolis.

—Donald Smith was a business visitor in Indianapolis today.

—Miss Nellie Drake was among the visitors to Indianapolis today.

—Mr. and Mrs. Charles Frank left today for a two week's trip through the east.

—Miss Stella Gibson visited friends in Indianapolis and Ft. Benjamin Harrison today.

—Miss Alleine Burton has returned to her home in Sheridan after visiting Miss Margaret Ball.

—Mrs. Lyda Holby of Greensburg visited Miss Belle Spear, yesterday at her home in North Willow street.

—Mr. and Mrs. R. W. Mauzy, and Mr. and Mrs. Josiah Bishop motored to Indianapolis today and attended the fair.

—Owen L. Carr attended the state fair this afternoon in Indianapolis and will go to St. Louis tonight on a business trip.

—Miss Vira Clark and Dr. Hale Pearsey saw "The Show of Wonders" at the Murat theater in Indianapolis last night.

—Mr. and Mrs. Hubert Innis of near Milroy will arrive home tonight from Indianapolis where they have been attending the state fair.

—Miss Jean McClannahan left for Chicago today where she will spend the week-end with Harold McClannahan and other relatives.

—Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Miss Millett and Harry Edison of Peru and Mrs. Charles Caron motored to Indianapolis today.

—The Misses Reta Gilson and Dorothy Moore and Harold Perkins and Fred McMahan of Connersville motored to Shelbyville last evening and visited friends.

—Mr. and Mrs. Wash Gosnell and daughter Ethel and Mr. and Mrs. Sylvia Headlee and son Russell motored to Indianapolis and attended the fair this week.

—Mrs. Mary Collier, accompanied by her granddaughter, Miss Norma Oneal, have returned from a two months' stay at Martinsville, where they took treatment for rheumatism.

—Mr. and Mrs. William Harrison of Lebanon, who have been visiting Mr. and Mrs. Homer Powell, motored to Bluffton for a visit before returning home.

—Dr. and Mrs. Carl F. Beher and son and Mr. and Mrs. Gunn Haydon and daughter attended the show at the Murat theater in Indianapolis last night.

—Mrs. Ed Caldwell and Miss Esther Black went to Fort Benjamin Harrison today and visited Berlin Caldwell, who is a member of the sanitary detachment.

—Mr. and Mrs. John Walker and

Mr. and Mrs. Will Havens arrived home last night from a visit in Chicago. They stopped off in Indianapolis yesterday and attended the state fair.

—Mr. and Mrs. E. G. Thompson of Milroy motored to Ann Arbor, Mich., last week, where they spent a few days with relatives. On their return home they stopped at Huntington, Ind., a few days.

—H. H. Crawford of Cincinnati was among the business visitors here today.

—Mr. and Mrs. Earl Harton attended the state fair at Indianapolis yesterday.

—Mrs. Lou Weeks and George Reed will be theater goers in Indianapolis this evening.

—Miss Ora Hudson, Norval Hudson and W. H. Hudson motored to Knightstown today.

—Mr. and Mrs. J. W. Hogsett have gone to Chicago for a week's visit with their daughter, Mrs. Horace Ingram.

—Mrs. John Kinsley and daughter Mary have returned from Muncie where they were the guests of relatives for several days.

—Miss Flora Williams went to Anderson this afternoon, where she will be the guest of Mr. and Mrs. William Appert for a few days.

—Mrs. Charles F. Wilson and son Donald have returned from an extended visit with relatives in Hammond, Ind., and Chicago.

—Lieutenant Lowell M. Green of the sanitary detachment of the Fourth Infantry, in camp at Fort Harrison, spent the day here.

WINS 2 CHAMPIONS AND GRAND CHAMPIONS

George Reeves Continues Winning With Herd of Spotted Poland Chinas at State Fair

BUYS THREE MORE FOR \$1,000

George Reeves, who is showing his champion herd of Spotted Poland China hogs at the state fair this week, won two championships, two grand championships and three seconds.

Mr. Reeves has also purchased at the fair three Spotted Poland Chinas in the under year class for \$1,000 the highest price ever paid at the state fair. Two of them are gilts, one the champion of the fair and the other first champion in her class, and the other is a boar, champion and grand champion in his class.

With his own herd, Mr. Reeves won the champion and grand champion prizes in her class with Elizabeth No. 11640 and champion and grand champion in the class for senior yearlings with Palmyra 1 No. 16,084. Vivian Martin was second in her class and Duke's Pet No. 16,696 took second in the class for under year gilts. The Duke of Fairland No. 1,581, the boar of the herd, was second.

Unfounded Stories

There has always been suspicion on the part of many that stories printed to the effect that food commission men buy up crops and allow them to rot in order to decrease the supply and thus bring about higher prices, are without any foundation, and the State Council of Defense has traced to its root a "story" from Shelbyville of this character.

The investigation of the published report that fruit is being allowed to drop from the trees and rot on the ground and cabbage is allowed to rot on the stalk proved to be untrue. The state defense body, in a statement issued today, says that it is anxious that such waste be reported, but warns the consumers of the state that many such stories are perhaps with no more foundation in fact than the one investigated.

A thorough inquiry by a skilled investigator, disclosed that the report had been given widely increased circulation by publication in at least two newspapers. Its source was traced through five different men, the last one denying all knowledge of the alleged facts, and adding that he had no recollection of ever telling of such an incident. He added the opinion that the story originated in "some-one talking to hear his head roar."

The conservation of food is so all-important that the state authorities under the direction of Dr. Burnard, Indiana representative of the national food administrator, Herbert C. Hoover, will take prompt and effective steps to punish anyone guilty of conspiring either to waste food or hoard it for the sake of increasing prices through artificial means. Under the newly enacted federal statute there is a severe penalty for such practices as were alleged to have resulted in loss of fruit and vegetables near Shelbyville.

Farmers or fruit growers who enter into any sort of contract that permits of losses through improper handling or neglect, may find the heavy hand of the law upon them, Dr. Burnard warns.

The State Council of Defense is urging every patriotic citizen in Indiana to report all such cases, to the end that there be no criminal waste of food stuffs which are considered vitally necessary for a successful prosecution of the war and for the comfort and well-being of the American people themselves.

Will Not Hurt Gerard

A fine example of attempting to lock the stable door after the horse has been stolen is to be found in a bill which Representative McKeown of Oklahoma has introduced in Congress to deny the privilege of copyright to any book for which the author gained "the information, facts, conclusions or impressions" while acting as a representative or employee of the United States government. Mr. McKeown would not allow copyright for such a book even though it were published after the writer had left the public service. The enterprise of Ambassador Gerard in taking original documents and selling them under copyright in

Firemen May Be Knitting Socks Soon

Joe Williamson and John Willis Promise Red Cross Worker They Will Knit and They Think They Can Do it Just a Little Better Than The Average.

READY TO BEGIN AT ANY TIME

The sight of Firemen Joe Williamson and John Willis knitting socks for soldiers is one of the possibilities of the near future, if a Red Cross worker keeps her promise and the two firemen do as they say they will.

"I can knit a sock as well as anyone in Rushville," says Fireman Willis, "and I can prove it whenever I get the necessary articles."

The other day a Red Cross worker passing the fire department asked the firemen why they didn't utilize the time that hangs heavy on their hands by doing something for the men who are going to fight. She told them they could knit because a Cleveland woman who was here this summer said all the Cleveland firemen are knitting.

The firemen agreed to knit if provided with the yarn and needles and every time this energetic Red Cross worker passes the fire department, they ask her when they begin work. Yesterday she promised them she would bring the material and it's a safe wager that Firemen Williamson and Willis will not "back down."

HUNDREDS GOING TO THE FAIR FROM HERE

Largest Crowds Ever Attending From Rush County Are Going to Indianapolis Daily

ALL THE CARS ARE CROWDED

The Indiana state fair is enjoying a better patronage this year than ever before and the attendance from Rush county this week is estimated to be larger than any year in the history of the fair. Nearly every I. & C. train to Indianapolis is run in two sections, all of them loaded down with passengers.

Among fair visitors yesterday from Rush county were: Mr. and Mrs. Will M. Bliss, S. L. Trabue, Fred A. Caldwell, Mr. and Mrs. Ed Pitman, Mr. and Mrs. Elsa Hillgoss, John Lewis, Howard Brecheisen, R. L. Tompkins, Walter Hubbard, W. O. Fendner, Irwin Kinneer, George Campbell, Bert Ormes, E. O. Anderson, Will Bosley, Frank McCorkle and Harry Riehr of Milroy, O. C. Norris, John C. Blackledge, Dr. and Mrs. Charles Green and family, the Misses Achasha and Hettie Retherford, Mr. and Mrs. Fon Riggs, Dr. and Mrs. F. G. Hackleman, Mr. and Mrs. Frank Capp, Mr. and Mrs. Walter Capp, Albert Capp, Fred Glone.

COUNTY AGENTS MEET

La Porte, Sept. 5.—County agents of the state met here today to give special attention to soil fertility including various kinds of commercial fertilizers and the use of lime.

this country is, it may be supposed, the animus of Mr. McKeown's proposal.

The banks are complaining of a shortage of one and two dollar bills. We hope their complaint will be able to produce some remedy for this condition of affairs—which a great many people have had occasion to notice and complain about for a long time without any good result.

The food conservationist who announced the discovery that a frugal housewife can make two pounds of butter out of one by working a pint of milk into the butter has nothing on the dairyman who makes two quarts of milk out of one by adding liquid from the pump.

Pay Telephone Toll

Don't overlook to pay your telephone toll before Sept. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 146110. Secretary.

IF YOU WANT GOOD GOODS

Goods as good as they can be made—come to us. You may say that every dry goods dealer you know sells good goods. You may have been told by many of them that their goods are the best. But are they?

We Don't Ask You To Take Our Word

for it. We don't expect you to believe that statement until you have made an investigation. We know what a broad assertion we have made. We have the goods to back it up.

If You Look For Cheap Goods

you won't find them here, but if you are looking for goods of quality—if you want the best value for the money—you'll find this store peculiarly prepared to satisfy you.

The Power of Paint

"I never heard," said a farmer's wife, at one of the Farm Center meetings, "what a few dollars spent in paint could do for a person's health. You see my nerves were all splintered and working in a dingy kitchen didn't improve them much. No matter how I scrubbed and polished, the kitchen always looked dismal and I got so I just hated the sight of it. Then my husband went to a farm meeting and the Farm Adviser said something about more cheerful surroundings for the farmer's wife. He said they were worth dollars and cents to the farmer and that the whole nerve cure, as he called it, could be cured for a few dollars. My husband was impressed. He had the kitchen painted. You should see it now. It is so cheerful and so light that it almost seems that two or three windows had been put in it. Then, too, we fixed up our BED ROOM all in white and I bought some new hangings, and, well—that paint cured my nerves."

There is no questioning about the powerful influence of helpful, cheerful home surroundings and environments. JUST TRY IT NOW IN YOUR OWN HOME. "BRIGHTEN THE CORNER WHERE YOU LIVE"

We are prepared to serve you efficiently in any department from finishing your FLOOR BORDER, re-finishing your WOOD-WORK, or PAPERING your HOME to PAINTING your HOUSE or BARN.

FIRST OF NEW ARMY RAINS ARE-AID TO ARRIVE AT CAMPS FALL PLOWING

Five Per Cent Increment Making
34,350 Men Reach Their
Cantonments

EACH MEN IS ON HIS HONOR

Comedy And Tragedy Co-Mingled
in The Scenes of Parting At All
Places

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Sept. 6.—America's first 34,350 drafted men bade home goodbye and marched away to war, most of them reaching their cantonments today.

They went amid the tears and cheers of millions. Some with the light of adventure lighting their eyes, others not so happily.

From every walk of life and from every nook and cranny in the nation they came trooping in each with his meagre bundle and his vision of France and the fighting front.

In cities, towns, hamlets and villages gayly bedecked in honor of their going they lined up, the first of American conscript legions, at salute before the local boards which chose them.

Their procession formed but the vanguard of a larger which followed in their wake. Wives, mothers and sweethearts, brothers, fathers, and friends trudged along at their sides and stood at a distance while they reported themselves ready to do their bit.

Today these boys who yesterday were prosperous young business men, clerks, laborers, artists, roustabouts, stenographers, students, social butterflies or pool room hanger-ons, are all levelled to the drab plane of khaki, indistinguishable units under the orders of the war masters, learning the business of battle at the country's sixteen cantonment camps.

Assembled from homes, and hotels and rooming houses where many of them spent the night, the groups were each put in charge of a drafted man selected from among their number.

Headed by the members of each local exemption board, all day long, through the land, parades of drafted men followed by parades of their relatives and friends, wended their way through home town streets to long trains waiting at the railroad stations to whisk them away to camp yesterday.

They went on their own recognition. Each man was on his honor to report to his cantonment camp commander. The only guardian of their loyalty as citizens and members of the military organization of the nation was one of their own number.

Comedy and tragedy commingled in the scenes of parting everywhere. Mothers wept. Brusque old fathers bluffed it through. Sweethearts threw kisses or cried as the mood seized them. Boys without parents or homes went quietly, with no one to mark their going. Others left families, and prosperous businesses they had worked hard to get and knew they would have to build over again when they return, if they ever do.

Some conception of the magnitude of the railroad's task in moving the men may be gained from the fact that it requires 6,229 cars made up into 366 trains, with engines and crews for each train, to move a field army of 80,000 men.

PUBLIC CUP IS ABANDONED

People Drinking From Well on Court
House Block Must Supply Own

Hereafter anyone desiring a drink from the old town well on the public square will have to take his tin cup or sanitary drinking cup with him, as the city board of health has ruled against the public drinking cup. Sam Buckner, court house custodian, has been instructed to abolish the public cup, and therefore those who have been depending on the water from the well will have to supply their own cups. Dr. Wooden, secretary of the board of health, stated the public cup should have been abandoned long ago.

Committee on Food Production Urges
Farmers to Get This Work Done
Early

EARLIER, BETTER FOR WHEAT

Best Way to Insure High Yields Is to
Prepare Early And Sow At Proper
Time

The good rains which have fallen during the past few days makes the plowing of stubble and sod land for wheat an easy matter. The earlier this work is started and completed, the better will be the chances for the coming wheat crop, is the suggestion of the Indiana Committee on Food Production.

The results secured by the Kansas Agricultural Experiment Station show conclusively that the earlier the land is plowed for wheat, the better. It is not only essential that the land should be plowed early, but also that sufficient harrowing be given to conserve moisture and make a firm well-compacted seed-bed. In dry weather, disking and rolling will also prove very beneficial. At the Kansas Station, three fields, plowed July 15th., August 15th. and September 15th. produced respectively, 38.4, 27.7 and 15.8 bushels to the acre. The soil in each field was worked down immediately after plowing. The much larger yield from the early plowing, shows conclusively the importance of starting seed-bed preparation for wheat at the earliest possible date.

At the same station, land plowed August 15th. and not worked until September 15th. yielded 23.6 bushels to the acre against 27.7 bushels for land which was plowed at the same time and worked down immediately. These experiments show that by packing the seed-bed immediately after plowing, the soil and sub-soil are put in contact and no air spaces are left to prevent soil moisture from rising into the surface soil. If the soil is plowed late and dry it will be difficult to pulverize the many clods and unless these are pulverized, the air spaces at the bottom of the furrow slice will prevent the rise of capillary moisture.

"On account of dry weather it is not always possible to plow the land early," says J. C. Beavers, State Leader of Wheat Campaign, "but when this condition prevails, the land may be disked before plowing, to good advantage. In nearly all cases it is advisable to roll, drag down or harrow each day's plowing before leaving the field. In many cases land may be rolled and harrowed to good advantage. When the soil is at all moist, it is much easier to pulverize then, than it is several days after when it has dried out. For this reason it is very important that some preparation be given the seed-bed immediately after plowing."

In some instances, oats stubble may be prepared for wheat, without plowing. If the land was plowed in the spring for oats and has not been badly packed from excessive rains, thorough disking will put the seed-bed in excellent condition. By double disking the field twice the soil will be worked to a depth of five or six inches and many farmers consider this method better than plowing, especially on soil which does not pack badly.

Early and thorough preparation of the seed-bed, combined with proper fertilization, is an effective way of reducing the ravages of the Hessian Fly. It is a noticeable fact that wherever the young wheat plants are strong and vigorous, the injury from the Hessian Fly is not so great. Early and thorough preparation of the seed-bed make ideal conditions for quick germination of the seed and rapid development of the young plants.

The best way to insure high yields and large profits is to prepare the seed-bed early and be ready to sow at the proper time.

BOMBARDS TOWN

London, Sept. 5.—A German submarine bombarded the British town of Scarborough last night, Lord French announced today. Three persons were killed and five injured. The material damage to the town was slight.

WIDOW OF LANDY GARDNER EXPIRES

Mrs. Harriet Gardner, Age 88, Dies
at Home of Her Daughter,
Mrs. Homer Cole

FIVE SONS AND A DAUGHTER

Mrs. Harriet Gardner, 88 years old, widow of the late Landy Gardner, died Wednesday afternoon at four o'clock at the home of her daughter, Mrs. Homer Cole in Buena Vista avenue. Mrs. Gardner had been ill for some time suffering from senility and while her death had been expected, it came rather suddenly. Mrs. Gardner had been out riding the day before and appeared in better health than usual. Mrs. Gardner was born March 11, 1829. She was married twice, first to Aquilla Sampson and later to

the late Mr. Gardner. She was widely known throughout the county and was extensively related. She is survived by five sons, Jerome Sampson, Horatio Sampson, Theodore Sampson, and Lot Sampson and two daughters, Mrs. Miranda Kiplinger and Mrs. Homer Cole.

The funeral services will be conducted Friday afternoon at one o'clock in the Main Street Christian church and burial will take place in Hurst's cemetery.

KICKED IN FACE BY MULE

Claude Kynes of Shelbyville was severely injured by being kicked by a mule yesterday while delivering a number of them purchased in this county to the Ogden barn in Shelbyville. One of the mules kicked him in the face, knocking all his upper and lower front teeth out and nearly cutting the flesh of his upper lip from his mouth. He was knocked unconscious and was later found along the road by Mr. Hungerford who took him in a machine to a Shelbyville physician.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Society

The last meeting of the year of the C. W. B. M. was held yesterday afternoon in the parlors of the Christian church, with the ladies of the September division as hostesses. The meeting was marked with a large attendance, about sixty were present. The topic of the program which was carried out was, "The Congress on Christian Work in Latin-America." Bible study was given by Mrs. P. H. Chadwick; "The Occasion and Object," was a paper read by Mrs. William M. Alexander; Mrs. Isom Stevens talked on, "The Preparations and the Meetings;" Mrs. Roy Waggoner gave an inspiring talk on "Faith and Conclusions." The program was concluded by a paper on "Woman's Work: Extension Work," which was read by Mrs. Will Frazee. Miss Charlotte Norris provided the music during the meeting. Dainty refreshments were served at the close of the afternoon.

About eleven members of the Woman's Foreign Missionary society of the St. Paul's M. E. church held their last meeting of the year with Mrs. V. C. Bodine, yesterday afternoon at her home in North Perkins street. Miss Mary Louise Poe accompanied by Miss Dorothy Sparks, provided the music and a program was carried out as follows: devotional, Mrs. W. M. Whitsitt; paper, Mrs. R. W. Noyes; election of officers with Mrs. J. H. Scholl president; Mrs. V. C. Bodine, first vice-president; Mrs. A. L. Aldridge, second vice-president; Mrs. R. F. McClannahan, treasurer; and Mrs. W. M. Whitsitt, secretary. At the conclusion of the business session, the hostess served splendid refreshments.

Honoring her two sisters, the Misses Osa and Esther Foster, who will move to Greencastle in a few days, Mrs. Fred Shelhorn entertained with a six o'clock luncheon at her home southwest of Milroy, Tuesday evening. Dainty place cards marked the places for the following guests: the Misses Alleine Murr, Ellendore Lampton, Emily Morgan, Beatrice Cameron, Esther and Osa Foster and Lawrence Hintt, Wilbur Johnson, Ray Kelly, Lawrence Jackson, Paul Stewart and Harry Ray.

Miss Hayme Kuntz was the hostess to about ten members of the B. N. club at her home this afternoon. Two guests of honor, the Misses Loretta and Mary Rill were also present. During the afternoon the guests sewed and knit and a dainty two course luncheon was served. A pretty color scheme of yellow and white was carried out in all of the appointments of the luncheon. Miss Ethel Oakley will entertain the club in two weeks.

Mr. and Mrs. Elmer Kellam and daughter Loretta were entertained Monday with an elegant noon dinner at the home of Mr. and Mrs. Ivan

Social Calendar

Friday

Friday Afternoon Embroidery club with Miss Alice Norris, 623 North Harrison street.

Happy-Go-Lucky club with Mrs. O. J. Myers at her home southeast of this city in the afternoon.

Emanon club with Mrs. Lowell M. Green, 329 East Sixth street, in the afternoon.

Loyal Daughters class of the Christian church with Miss Pansy Newhouse, 220 East Second street, in the evening.

Harter of Mt. Summit, Ind. The other guests included Mr. and Mrs. Patrick Miles, of Chicago, Miss Leo Waggoner of Newcastle, Bert Waggoner of Elwood, and P. J. Waggoner of Milroy.

Honoring the girls, who will leave next week for college, Miss Dorothy Mulno entertained with a pitch-in supper last evening at her home in North Jackson street. After supper the girls were entertained with a slumber party at the home of Miss Helen Frazee in North Main street. Those enjoying the delightful functions were: the Misses Dorothy Sparks, Marie Clark, Marjory Thomas of Omaha, Neb., Dorothy Frazee, Helen Frazee, Lois Reeve, Katherine Guffin, Margaret Ball and Kathryn Wooden.

Miss Lois Reeve, assisted by Miss Dorothy Frazee entertained the girls with an elegant one o'clock luncheon at the home of Miss Reeve in North Main street. The plates were marked with dainty hand painted place cards and pink candles shed a soft light over the table. A large bowl of flowers centered the table and covers were laid for twelve guests and a four course luncheon was served.

Miss Mary Louise Bliss will entertain the girls with a pitch-in supper this evening and following that, Miss Dorothy Sparks will entertain with a slumber party.

A large attendance is especially desired at the meeting of the Loyal Daughters class of the Christian church, which will be held with Miss Pansy Newhouse tomorrow evening at her home in East Second street. During the meeting the girls will sew and knit for the Red Cross.

Ralph Gosnell and Mr. and Mrs. E. E. Hungerford and son Iden motored to Greensburg Sunday and were the dinner guests of Mrs. Orril Montanye.

The Ladies of the last division of Noble township are requested to meet with Mrs. Roscoe Titsworth tomorrow afternoon to sew for the Red

KING'S FAMILY DRESSES SIMPLY

Women Members of Italian Royal Family Have Not Had New Hat Since War Started

UNPRETENTIOUS FROCKS

(By United Press.)

Rome, Aug. 14. (By Mail)—American women, please take notice! Neither Queen Elena nor the Queen Mother Marguerita has had a new dress or a new hat since Italy entered the war.

The same rigid satorial economy extends to the royal children. The simple Boy Scout uniform is practically the 12 year-old Prince Umberto's Sunday-go-to-meeting suit. Unpretentious frocks, generally in cheap plaids or white stuffs and even gingham, are the wartime clothes of Prince Yolanda, Princess Mafalda, Princess Giovanna and the baby princess Maria.

The King's "dress suit" as the world knows is a grey-green uniform.

The ladies of the First Baptist church will serve lunch in the room opposite Windsor Hotel on Saturday September 8th.

MA SAYS THAT I BEHAVE BEAUTIFULLY!

Pa says boys and girls should eat Foods that keep their tempers sweet!

The best way to keep the youngsters in a sweet frame of mind, says Pa is to feed 'em with the proper foods. That's why I'm glad Ma buys her eatables at this shop. They sell the best foods that were ever offered to a hungry person's appetite.

PROBE DOCUMENTS GATHERED IN RAIDS

Government Investigators Search Material Gathered From I. W. W. And Socialist Headquarters

PLANS TO HINDER WAR WORK

(By United Press.)
Washington, Sept. 6.—The state department proposes to eliminate I. W. W. and other anti-American activity from the nation's political and industrial structures.

To this end government investigators throughout the country examined the I. W. W. and socialist documents gathered in yesterday's swoop on many headquarters. These will reveal a startling program to hinder American war work.

Further they may show that German or Austrian money is financing the trouble of recent weeks—I. W. W. strikes, riots and intrigues. The Patriotic Educational society today charged directly that Austrians and Bulgars are responsible for this condition.

STARTS OFFENSIVE ON THE JULIAN FRONT

Italy Also Redoubles Her Efforts in Drive Towards Trieste and Laibach, Rome Says

BRITISH AND FRENCH HELP

(By United Press.)
London, Sept. 6.—Italy resumed her offensive on the Julian front today while redoubling her drive towards Trieste and Laibach. Rome dispatches detailed the greater concentration of men, artillery and aeroplanes on the Italian side that this front has ever seen. Official statements mention 216 Italian aeroplanes as having participated in the fighting.

British and French artillery is aiding in the land fighting and in the Gulf and Trieste, British and French war ships are co-operating with Italian monitors in shelling Pola, Austria's great naval base.

Rome estimated today figure that since August 15 when Gen. Cadorna started his present drive at least 37,000 Austrians have been taken prisoners.

MY WORD! WHAT A NOISE!

London, Aug. 15 (By Mail).—Here is the Londoners conception of America as set forth in one of the newspapers. It is submitted without comment.

"Everybody who has ever been to America knows that delectable land to be the noisiest, most uproarious and clamorous spot in the whole universe. It is a country of bustling and bustle and confusion, a land of sickening thuds, of banging street-cars and ear-splitting overhead railways, of clanging bells and brokers shrieking through their noses. If the lynch-pin dropped out of the cosmic system and the stars came tumbling about us, they wouldn't hear it in New York."

GERMAN PEOPLE WANT SHIFT ATTACKS TO BIG INCOME LEVIES

This Will be Reply of Government to Pope Benedict's Proposals of Peace

ONLY DURABLE PEACE ASKED

(By United Press.)
Berlin, Sept. 6.—Germany will tell Pope Benedict the German people want no gain from the war, but only a durable peace guaranteed by international treaties, according to authoritative sources here today by Vorwaerts.

"The fall of Riga," the Vorwaerts declared, "may be expected to destroy the belief apparently held by the entente powers that Germany's peace wishes are to be considered as a token of weakness."

It was the Vorwaerts which recently voiced the belief that it would be "dishonorable" for the German government to refuse President Wilson's stipulation that they guarantee their government peace pledges.

Days Pickings Amusements

A series of revival meetings has been started at the Christian church at Buena Vista, Franklin county, near the Rush county line and is being conducted by the Rev. G. I. Hoover of Indianapolis, state evangelist of the Christian church for eastern Indiana. The services will continue for two weeks and the Rev. Mr. Hoover will preach at each service. The Rev. C. C. Wilson is the regular pastor of the church. A cordial invitation to attend these services is extended to the public.

George Aultman began his nineteenth year as rural mail carrier out of the Rushville postoffice yesterday. He is the oldest rural mail carrier in Rushville in point of service. Mr. Aultman and the late Frank Redman both started carrying the mail September 6, 1898.

Mrs. Lola Havens and Mrs. Ethel Horrell have rented three lower floor rooms in the Rushville Co-operative Telephone company's building formerly occupied by Dr. Lowell M. Green and will move their dress-making shop and beauty parlor there in the next few days.

The subject of the prayer meeting sermon tonight at the First Presbyterian church is, "Acquaintance-ship with God."

POTATO "DON'TS"

Don't injure the selling and storing quality of your potatoes by careless digging.

Don't glut the fall market and injure your winter market by placing large quantities of ungraded stock on the market at harvesting times.

Don't mix No. 1 and No. 2 grade potatoes. There are customers who desire each separately, but do not want them mixed.

Don't overlook the potato grades recommended by the United States Department of Agriculture and the United States Food Administration.

WEALTH CONSCRIPTIONISTS BEGIN FIGHT FOR AMENDMENT TO TAKE 50 PER CENT OF ALL OVER \$47,500

CONCESSIONS MAY BE MADE

(By United Press.)
Washington, Sept. 6.—Senate wealth conscriptionists shifted their attack today from war profits to proposed heavy levies on big incomes.

The fight begins on an amendment by LaFollette seeking 50 per cent of all incomes in excess of \$47,500.

Another amendment less drastic will follow if the proposal is defeated. The Borah-Johnson group hopes to force the committee to make substantial concessions rather than carry their own amendment to victory. Senator Trammell of Florida will fight to exempt single men with \$2,000 incomes and married men with \$3,000 incomes from taxation. The committee figures are \$1,000 for single and \$2,000 for married men.

INJURIES MAY BE FATAL TO RURAL MAIL CARRIER

Continued From Page 1

These two men watched the mail while Mahin was being brought into the city. The mail was scattered for several hundred feet down the track.

The machine was thrown against one of the posts with the warning signs of a double railroad-crossing. This post was broken off and the machine hurled beyond several feet distant. The machine was practically demolished.

Mr. Mahin is a son of Mr. and Mrs. Samuel Mahin, living west of the city. He is one of the most popular employees in the local office. He is married and has a small child. He has been employed as a rural route carrier for about three years, and before this time was a farmer. When first picked up Mr. Mahin was unconscious but after being placed on the car regained consciousness and was able to tell his name and address.
